TB/PPD test given? ☐ Yes ☐ No Serious/Active Infection? ☐ Yes ☐ No Medications: _____
☐ Prior failed medications (medication and duration of treatment/reason for d/c) _____

Patient Support and Injection Training Authorization

I authorize Lifeline Specialty Pharmacy to enroll the patient in the pharmaceutical manufacturer support program that pertains to the prescribed therapy. The purpose of this enrollment is to assist the patient in receiving services, like injection training and administration of the therapy by a nurse. The patient also authorizes the pharmacy to transmit any pertinent information that the manufacturer needs to effectively provide the medications and services that are available with the therapy, as well as, to use unidentifiable data to conduct market research. The manufacturer may contact me with information for research and educational purposes. The patient can revoke this authorization without any effect to the patient's ability to acquire the therapy. If the patient chooses to revoke this authorization, he/she may do so by writing a letter to Lifeline Specialty Pharmacy at 3233 Corporate Court, Ellicott City, MD, 21043.

4: Prescription Information | Xeljanz NOT to be used in combination with biologic DMARD's

Medication	Dose/Strength	Sig	Qty.	Refills
