BLOOM in your classroom and outdoors

Morning of practical and creative ideas and lessons that can be used in the classroom and outdoors. By the end of the morning, you will be comfortable bringing nature into your classroom or taking students outdoors for hands-on nature exploration and lessons. CPE 3 hours

\$75.00

October 17 9:00am-12:30pm -lunch included

Bring nature into your classroom: Bring the exciting, hands-on learning of worms into your classroom! You will get a small bin, paper for filling up the bin, and some worms to get you started. You will leave feeling confident to take care of your classroom worms! You will also have some wormy lessons ready to implement in your classroom.

Take students outdoors: How do you differentiate 'nature time' from 'recess' with your students? We will explore strategies to successfully take your students outside for exploration and meeting Science TEKS. You will leave feeling confident to take your students outdoors for rigorous learning and finding wonder. You will also receive a copy of the children's book, *The Curious Why* by Angela DiTerlizzi, as well as ideas and lessons for when you take your students outdoors.
