

# COVID Practices at SPCD

**At this time, masking is OPTIONAL if you visit our store in person.** However, we still encourage you to wear a mask if: (1) you've been exposed to COVID-19, (2) you feel unwell or sick, and/or (3) you have exposure concerns, such as if you're immunocompromised.

**If you have tested positive for COVID-19 and are still in your isolation period, PLEASE DO NOT ENTER OUR PHARMACY.** We are happy to bring any products you need, including Paxlovid™ outside/to your car or provide home delivery for a small fee.

If you arrive at the pharmacy without a mask and would like one, we'll provide you one free of charge. We also sell surgical and N95 masks if you'd like to purchase some.

Our vaccinators will continue to wear masks while providing care.

---

**All items, whether prescription or over-the-counter, are available for in store pick-up, curbside pick-up, home delivery, or shipping via USPS** (within the state of Minnesota **ONLY** for prescription medications).

---

If driving to the pharmacy for curbside pick-up, we ask that you **pull up next to the pharmacy on St. Clair Avenue, put your hazard lights on, and stay in your vehicle.** Give us a call at (651) 698-8859 **when you arrive** and we will bring your items to you.

---

**Need a COVID test?** We sell both 15 minute at-home rapid AND certified rapid antigen (include a virtual healthcare visit and often required for travel) tests. FREE tests continue to be available through the **Minnesota Department of Health**.

---

**Until further notice, our soda fountain is CLOSED.** We are currently using the counter space for vaccine administration and are unable to safely and satisfactorily prepare ice cream treats and drinks.

---

**Suspect you may have COVID-19 or know you've been exposed to someone with COVID-19?** Please refrain from entering our store until you've completed quarantine or isolation as recommended by the CDC. Not sure what to do? [Click here](#) to access the **CDC's Quarantine and Isolation Calculator**. Questions? Give us a call at (651) 698-8859. You can also follow updates on our [Facebook](#), [Instagram](#) and [Twitter](#) pages.

In health,

*The Team at St. Paul Corner Drug*
