The following information was posted announcing Special Publication 800-88 Revision 1 release from the CSRC News page:

Special Publication 800-88, Revision 1, Guidelines for Media Sanitization has been approved as final.

December 17, 2014

Media sanitization refers to a process that renders access to target data on the media infeasible for a given level of effort. This guide will assist organizations and system owners in making practical sanitization decisions based on the categorization of confidentiality of their information.
