## PHARMACEUTICAL COMPOUNDING

## COMPREHENSIVE COMPOUNDING SERVICES

Good Day Pharmacy's compounding lab offers fast, friendly prescription and compounding services. We produce unique dosage forms of medications based on patient preferences and/or restrictions, including:

- Creams
- Ointments
- Gels
- Solutions
- Suppositories
- Suspensions
- Nasal sprays
- Ear drops
- Capsules
- Dye-free
- Preservative-free
- Alcohol-free
- Sugar-free
- Flavor-free
- Adding flavor

Many compounds are specialized medication combinations or compounded in forms that are not otherwise commercially available.

## FRIENDLY, EXPERIENCED PHARMACISTS

Our pharmacists are trained to compound a wide variety of formulations that can make medications easier to take or address special health problems. We stock many commonly used drugs and bases and can special order many more to prepare compounds for:

- Dermatology
- Scar therapy
- Wound care
- Pain management
- Hospice and palliative care
- Bioidentical HRT
- Veterinary care

Compounded medications are generally safe and effective for most patients and are dispensed to patients only upon receipt of a valid patient-specific prescription.

To learn more about our ability to customize medications, call **717-728-4200** or visit [GoodDayRx.net/compounding](http://GoodDayRx.net/compounding).
