## METAL CLAD

### Introduction

ThermaDuct is proud to offer an architectural pre-insulated outdoor round ductwork that can be matched to other building design elements. With a premium Kynar Metal finish, Thermaround Metal Clad offers exceptional insulated values and lower air leakage rates paired with select color options to give your application's exposed ductwork higher efficiency. Thermaround Metal Clad is available for both indoor and outdoor applications.

### Available Colors - KYNAR FINISH

\* Duct Finishes of Kynar are covered under Thermaround's 10 Year Limited Warranty.

\*\* Finish colors may vary from digital representations shown.

\*\* Lead times may vary.
