

Due to the outbreak of COVID- 19 Dr. Maurer will now increase his availability for eVisits. The eVist registration and schedule will be available through www.scottmaurermd.com. Please follow these steps to register and schedule an eVisit with Dr. Maurer.

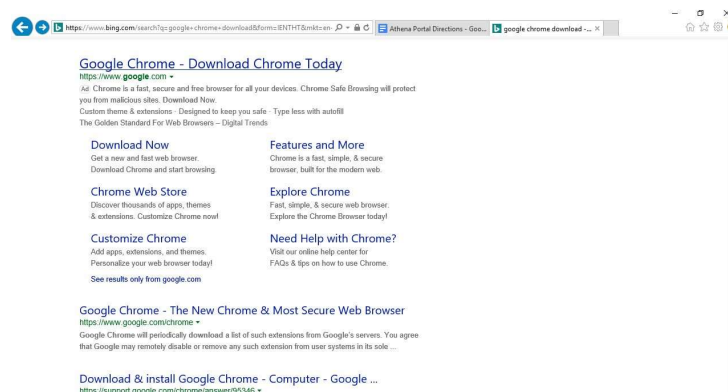

1. Make sure you are using Google Chrome or Mozilla Firefox as your web browser.
 - a. If you do not have Google Chrome or Mozilla Firefox please refer to step 18 for download instructions.
 - b. Refer to step 17 for additional information about using the eVisit app for apple and android devices.
2. Navigate to www.scottmaurermd.com
3. Click the “Request eVisit” box on the top right of the home screen. This will take you to a page where there are two options:
 - a. “Register for eVisit”
 - b. “Log in / Request an eVisit”
4. **If you have not already registered for eVisit, you will now need to create an eVisit account by clicking on the green “Register for eVisit” box. Then proceed to step 5. If you already have an eVisit account choose the “Log in / Request an eVisit” box. Sign in to eVisit using your email and password. Then proceed to step 9.**
5. This will take you to the eVisit register page where you will enter your email address, a new password, and confirm that password. Once those fields are completed, click “Register.”
6. You will be prompted to enter some demographic information.
7. After completing the demographic section, click continue and follow the next questions, feel free to click the “skip” option when prompted to add a profile picture.
8. After completing the account registration process, you will be taken to the eVisit home page.
9. On the eVisit home page you will see the prompt “please select a patient.” You will select yourself by clicking the green “select” button next to your name.
10. This action will take you to a page that displays Dr. Maurer’s name with the option to “Schedule Visit” to the right of his name. Click this “Schedule Visit” button.
11. This action brings you to the “Make Appointment” page. Here, select the time that works best for you on the right side of the screen. Then type a short reason for visit and a very brief description of illness.
12. After a time is selected and the reason and description are completed, scroll down and click continue on the bottom right of the page.
13. If you have not already entered your credit card information, you will then be prompted to enter your credit card information at this point.
14. After entering this information, You will be prompted to confirm your visit details by clicking in the box next to the sentence “I have read and I confirm that the below information is correct to the best of my knowledge” and then click “schedule visit” at the top right of the screen.

15. Your visit is now scheduled, please log back in 15 minutes before your visit.
 - a. In order to log back in follow steps 1 - 3. Except click the “Log in/Request an eVisit” box instead of the “Register for eVisit.”
 - b. You will then enter your email and password.
16. To attend your scheduled eVisit, Select “join now” on the right side of the screen. Make sure to permit access to your camera and microphone to ensure adequate communication with Dr. Maurer.
17. There is an eVisit app available for iphones, ipads, and androids. eVisit services through this app can only be used after you have registered/created an eVisit account through the scottmaurermd website. You can find the app by searching “eVisit” in the app store. After downloading this app, open the app and sign in using the email/password combo that you have already created following the previous steps in this document. After successful sign in, you will be able to conveniently attend Dr. Maurer’s eVisit using your phone or tablet.

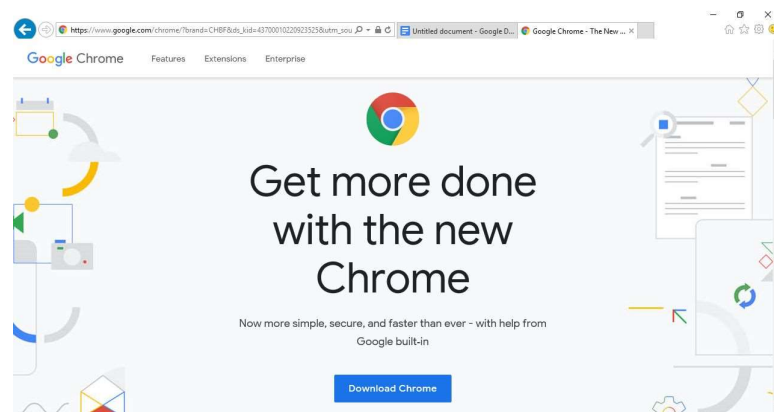

Step 18 is located on page 3.

Additional instructions in video format can be found at www.scottmaurermd.com/evisit. Scroll down and there will be a short video clip that explains eVisit and gives step by step instructions.

18. Open the Internet Browser on your computer. If the browser you are using is google chrome (the red, green, and yellow circle with a blue dot in the middle), proceed to step 2. If you are not using google chrome, follow these steps:
- The new patient portal is only compatible with the google chrome browser and this browser must be downloaded.
 - Using your current browser, google “Google Chrome Download” and click on the first option that appears.

- On the google chrome download page, click on the blue box that says “download chrome”.

- A box of terms and conditions will pop-up - click “accept and install”.
- After download, if prompted, click “run”
- A chrome browser window will now open. Proceed to step 2.
