Patient Resources

What is Covered?

Our pharmacy covers most drugs, which by federal law requires a doctor's prescription, and is covered by your prescription benefit program. If your prescription benefit plan does not cover the prescription prescribed to our pharmacy by your doctor, we will contact your prescriber with an alternate formulation recommendation or contact you directly to discuss financial arrangements.

Financial Obligation and Financial Assistance

Before your prescription is processed, you will be informed of your financial obligations that may not be covered by your insurance or other third-party sources. The obligations include but are not limited to: out-of-pocket costs such as deductibles, copays, co-insurance, annual and lifetime co-insurance limits.

Payments are made by credit card/debit card over the phone and by check or money order through the mail.

Refilling Your Prescriptions

There are multiple ways to order prescriptions from Prescription Mart Pharmacy.

Online: Log on to www.prescriptionmartpharmacy.com to order refills and download forms.

Shipping Charges

In most cases, shipping is free. Should you want your prescription sooner or have special handling needs, there may be a charge.

Prescription Transfers

If our pharmacy can no longer service your medication, a pharmacist will transfer your prescription to another pharmacy at your request.

Please call us if you would like to receive your medications from another pharmacy.

Proper Disposal of Sharps

Place all needles, syringes, and other sharp objects into a sharps container or alternate container as recommended by the FDA. We suggest an empty laundry detergent container if the manufacturer does not have a sharps disposal program.
