Getting Ready for Carnevale

Beautification of Our Complex

The gardens surrounding the pool, clubhouse, and walkways have been over the years created and tended by a group of hard working volunteers lead by Armando Mastrocola and Aurelio Moffa. Along with the leaders Joe, Mike and Rino and many others have contributed to making our community beautiful.

As the gardens were created and carefully tended, they grow in beauty each year. The new pool area plantings are an example of this year's contributions to the landscape of Pine Ridge North IV. We are grateful to this dedicated group, who had the vision to look ahead and create a plan for the improvement of our community.

At the February Board Meeting the Board voted to create a Beautification and Landscape Committee headed by Armando and Aurelio to continue this work.

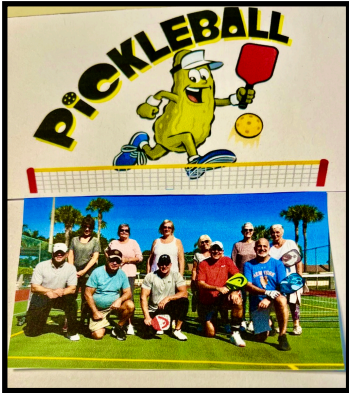

Women's Bocci

With Lilliana De Santis reminding us every Tuesday morning that it is time for Bocci, the women of our community arrive to play. Join us!

Pickle Ball at Pine Ridge North IV

Connie Yosco

No matter what the weather you can find Pine Ridge North IV residents and friends on the courts almost everyday of the week at 9 A.M. Some are watching and some are playing but everyone is having a great time.

On January 21, 2024, the PRN IV Pickle Ball group attended a tournament in Boca Raton. Although the day was a bit chilly a good time was had by all. The professional players did not disappoint. The matches were exciting and we learned some new moves. The afternoon was filled with many laughs and much applause for the quality of play we observed. We look forward to the next tournament.

Cards and Games at the Clubhouse

Dates for future events
