- Double knot one end of the cord, and tape it down on your table.
- Grab your piece of felt and your beads that you want to use to make the saying (U Got This). Place all of your beads on your felt mat, so they dont roll away.
- Start adding your beads and making your design.
- Triple knot the other end once you are complete, and add a small amount of glue to make it completely secure.
- Cut off the extra string, and your bracelet is complete.
- Complete your "Made with Love" card, and place your bracelet and card in the supplied bag.

## Tips

- Pre-stretch the cord (3-4 times). It ensures the bracelet wont stretch later.
