

The Nest

*Bringing Community
and Confetti
together*

ASHLEY SWIP

My name is Ashley and I am the Founder of 3 Little Birds 4 Life. I started this organization 12 years ago with the vision of creating a community for cancer patients, caregivers, and friends to not feel alone. Through our Yellow Daisy Project, Spoonful of Comfort, Birdie Boxes, and The Nest, we can successfully create the community that will help this group of people feel all the Confetti.

ABOUT US

Chances are that you've heard the captivating and peaceful lyrics from Bob Marley's "3 Little Birds" sometime in your life – "Don't worry about a thing 'cause every little thing gonna be all right." This song was the very essence of Guy "Tyler" Gifford, brother of our founder, Ashley Swip. Tyler had a unique way of making each and every person around him smile, laugh, and remember that everything would be all right, no matter what. When Tyler passed away November 2, 2010, the words from "3 Little Birds" were placed on his prayer card, and through his life, his caring nature, loving heart, and this song, 3 Little Birds 4 Life came to be.

WHAT IS THE NEST?

At The Nest, we will host community meetups, classes, BFF nights out, head shaving parties, Birdie Box building, Yellow Daisy project bouquet building, and Spoonful of Comfort pickups. We will also have a unique retail space to help you choose the perfect gift for someone in your life going through a rough time.

We would also like The Nest to be a space that other community organizations can use to further their missions. We believe that if we all work together that the community benefits.

HOW CAN YOU HELP?

Volunteer: we will need volunteers to help paint, carpentry tasks, install flooring, and hang all the fun things on the walls. Are you a plumber or an electrician willing to volunteer your time? We will need you too!

Sponsor: In order to create and bring our dream space to life, we need businesses and individuals to sponsor our project. Your sponsorship will help make The Nest a one of a kind space on the IL side of the river that caters to those impacted by cancer.
