

PRISON PREVENTION PRAISE

*Helping youth make positive choices in their lives;
helping inmates make positive changes thru Christ!*

Prevention Program continues to make Big impact on youth!

"Your gentleman's presentation for us this afternoon was astounding. The kids came back to class with a ton of questions. One of my boys was so touched, in only a way that God can do, by this experience. Thank you, thank you. Don't ever stop doing this.

This has been a very hard year... This is the roughest group of kids I have seen in the 15 years I have been here. Take care and again keep on walking the walk because these kids need it so badly.

And so do we adults. In the song "I Believe" you are the line that says, "for everyone who goes astray someone will come to show the way. I believe " You are showing the way..." Teacher

"Thank you for coming to talk to us. You really changed my point of view about making choices. You were very right about the mask, I change during school. I'm like you in a way. Every day I get home and watch my parents fight but not physical. But I've noticed that I have started to build up anger and rebel against people. And I've ran from authority before you made me think to change the way I act and I'm gonna change. I've found a way to change and to calm down it's through music. Without music I can't think. Thank you again for talking to us." - Youth
