# WOMEN'S FOOTWEAR

Apex Athletic footwear is designed to prevent injuries and provide quick, comfortable relief from pain and discomfort to help you lead a healthy and active lifestyle.

### Padded Collar & Tongue

Provides cushioned comfort and prevents heel slippage

### Customization

The added EVA insole allows you to easily customize the comfort and fit of the shoe by trimming the insole at the areas of pressure. The insole may also be fully removed for additional depth.

### Biomechanical Footbed

Contoured EVA insole provides support, cushioning and shock absorption

### Molded External Heel Counter

For supported rearfoot control

### Triple Density Sculpted Midsole

Designed to preserve balance between your body and ground forces

## WOMEN'S ATHLETIC

Apex Running and Walking footwear are constructed with the most advanced technological features and represent the highest standards in performance and comfort. Innovative features are meticulously built into these extraordinary shoes to offer midfoot and rearfoot stability, pressure relief to the calcaneus, and shock attenuation for the foot and musculoskeletal system.

The multiple removable layers, soft linings and wide last design offer protection, fitting flexibility, and the accommodation of orthotics and shoe modifications. Often recommended for people with diabetes, arthritis or anyone seeking shoes for maximum comfort.

### X-Last Styles

Designed by a team of doctors and pedorthists to provide superior comfort and protection for those with diabetes, arthritis or painful foot conditions.

### Cushioning

Removable orthotics and polyurethane outsoles absorb shock forces and provide cushioning.

### Depth

Multiple removable insoles provide a 1/2" of removable depth for maximum protection and fitting flexibility.

### Stability

Hidden depth sole design with raised sidewalls and firm heel counters.

### SmartGrip™

Polyurethane sole for safety and stability.

### Customization

The added EVA insole allows you to easily customize the comfort and fit of the shoe by trimming the insole at the areas of pressure. The insole may also be fully removed for additional depth.

### Protection

High, wide toe boxes and soft, safe linings help protect the foot from injury.

### Fit

Straight last design, with multiple removable insoles ensure a proper fit for all foot types.

## WOMEN'S AMBULATOR

Designed to limit stress at the areas of the foot most susceptible to pain. Ambulator® Biomechanical footwear provides unsurpassed comfort and protection with unique features such as SmartGrip™ polyurethane soles, state-of-the-art removable comfort orthotics and soft leather linings. Recently updated with eye-catching styles, Ambulator Biomechanical footwear is often recommended for diabetes, arthritis or for those seeking a shoe that provides maximum comfort, stability and added protection.

### Biomechanical Collection

- ½" removable hidden depth in 3 layers
- Genuine leather uppers
- EVA footbed
- SmartGrip™ polyurethane soles for safety & stability
- Soft linings with leather for maximum comfort & breathability

**Sizes:** 4½-11, 12, 13

**Widths:** Medium (B/C), Wide (D/E), X-Wide (2E/3E)

### Stretchables Collection

- Single hook & loop strap for maximum adjustability & easy on/off wear
- Seamless, stretchable uppers stretch to accommodate foot problems
- Soft fabric linings wick moisture away from the foot
- ½" removable depth to accommodate orthotics
- 3 removable layers for fitting flexibility
- Recommended for diabetes, arthritis or swollen feet
- Machine washable (T2000 & T2400 only)

### Conform Collection

- Plastazote® foam lining molds to the foot for a customized fit
- SmartGrip™ polyurethane soles for safety & stability
- Removable conform orthotic with Plastazote®
- ½" removable hidden depth in 2 layers
- High/Wide toe boxes

**Sizes:** 4½-11, 12, 13

**Widths:** Medium (B/C), Wide (D/E), X-Wide (2E/3E)

Diabetic Socks by Apex

ohi

Introducing the  
**MOST COMFORTABLE,  
HEALTHFUL  
AND FEATURE-RICH**  
diabetic sock ever designed

## Help Keep Your Patients' Feet Dry, Odor-Free & Feeling Great!

Copper infused socks are known to deliver added physical benefits and foot protection by stimulating capillaries, proteins and collagen, resulting in healthier tissue.

Copper Cloud socks inhibit the bacterial and fungal growth that cause foot odor, which promotes softer skin!

Available in 3 Styles: Crew Length, Ankle and No-Show

Available in 4 sizes: Extra Small, Small, Medium, Large

Available in 2 colors: Black & White

## COPPER CLOUD FEATURES:

- Seamless design curbs ulceration
- Copper yarn for anti-bacterial/anti-fungal/anti-odor and softer skin
- Non binding for improved circulation
- Moisture-wicking for cooler dryer feet
- Heel and forefoot padding
- Light arch support

**Heavenly diabetic socks.  
Irresistible pricing!**

## PREFABRICATED ORTHOTIC SUPPORTS DYNAFLANGE™

The patented DynaFlange® represents a profoundly new approach to prefabricated orthotic supports. This device dynamically manages motion with every step. Enhanced shock absorption means greater comfort, especially when standing for long periods on hard surfaces. The patented rearfoot flange flexes during heel strike, storing energy that is released during the subsequent phases of gait, efficiently positioning the foot for optimal propulsion.

DynaFlange® orthotic supports improve center of pressure and stability through all phases of the gait cycle guiding the foot back to neutral resulting in improved posture while standing, walking or running.

MEN'S SIZES: 4.5 - 13  
WOMEN'S SIZES: 5.5 - 14

### REDUCED IMPACT FORCES

Enhanced shock absorption means greater comfort - especially when standing for long periods on hard surfaces.

### DYNAMIC ENERGY RETURN

The patented rearfoot flange flexes during heel strike, storing energy that is released during the subsequent phases of gait, efficiently positioning the foot for optimal propulsion. DynaFlange® does the work so you don't have to!

### POSTURAL EFFICIENCY

DynaFlange® orthotic supports improve center of pressure and stability through all phases of the gait cycle which results in improved posture while standing, walking or running.

## APEX® SEAMFREE SOCKS

Apex Seamfree Socks are recommended by doctors and pedorthists for diabetic foot protection. The socks are woven from a thin, yet strong acrylic yarn that allows for a proper shoe fit, as well as from soft spandex to ensure they stay up for the duration of the day.

Apex Seamfree Socks are made from soft, hi-tech acrylic fibers that wick away moisture from the foot. Safe for those with diabetes and poor circulation, they are available in extra-wide for patients who suffer from edema. All styles and colors available in S, M, L.

**FOAMART® FITTING KIT**  
**THE ORIGINAL FOOT IMPRESSION FOAM**

When taking a negative impression of a patient's foot, there is no system that can match the convenience and accuracy of Foamart Foot Impression Kits. In just seconds a technician can take an impression of a patient that will

accurately match their size, shape and arch. Foamart is the highest quality foam available and will not crack during or after an impression. Available in convenient self-mailer boxes or in bulk form. Foamart comes in two sizes - standard (12") and long (14").

**FOAMART KIT:**

PRODUCT #	DESCRIPTION	SIZES	QUANTITY

## APEX® HARRIS MAT SET

1110

The set includes the imprint mat, paper, ink and roller. Produces weight-bearing imprint of the foot, thereby measuring pressure disbursement and arch shape. Ink, paper, mat and roller also sold seperately.

See price list for details.

## THERMOTHOTIC™ MOLDING KITS

Thermothotic Molding Kits offer a very easy, effective and quick system to heat mold inserts to properly achieve total contact with your patient's foot. The kits include a unique polyurethane molding pillow which allows your patients to remain seated throughout the molding process, easily molding the orthotic to each arch to achieve total comfort.

Thermothotic Molding Kits include ThermoGloves, silicone oven liners, a timer, thermometer and two molding pillows.

### THERMOTHOTIC MOLDING KIT

TMMK

- Apex Molding Pillow (2 each)
- Apex Thermo Gloves (1 pair)
- Silicone Oven Liner
- Digital Timer
- Thermometer

## EMBRACE TALKING METER

The Embrace Talking Meter talks users through testing, step-by-step. With accurate results in as little as six seconds, this meter is designed to work easily and effectively – and take as little time as possible out of your day.

## FREEDOM LSO

HCPSC L0631

The Freedom LSO deploys unique opposing force technology to accelerate healing in the lumbar spine. Patients often experience pain relief from the compression and postural improvement that the Freedom LSO provides.

## COMFORT LSO

HCPSC L0627

The Comfort LSO deploys unique opposing force technology to accelerate healing in the lumbar spine. Patients often experience pain relief from the compression and postural improvement that the Comfort LSO provides.

## VERTALOC® FLEX FIT

HCPSC L0648

The VertaLoc® FLEX FIT back brace was designed to provide spinal support to relieve lower back pain and maximize immobilization without sacrificing comfort. The newly designed closure system works with the compression straps in conjunction with rigid posterior and anterior panels to provide sagittal balance.

The VertaLoc® FLEX FIT is a Lumbar Sacral Orthosis (LSO) that provides support from the sacrum up through the T-9 vertebra.

Thermoskin products should be a comfortable fit, not too tight. If in doubt it is generally best to select the next larger size.

# SHOULDER / NECK / BACK

Provides pain relief and compression for muscle injuries and general lower back dysfunctions. This product has two adjustable straps for additional support and adjustable elastic side straps for extra compression. A moldable insert is included for a more custom fit and added support.

**S-XXL**

Provides rigid support to the lumbar region and spinal column. Rigid anterior and posterior (front and back) panels support the back and abdomen. The panels may be heat molded to better conform to the patient. The posterior panel extends from the L1 to the L5 vertebra to provide total contact over the paraspinal muscles. The anatomically conforming fit and adjustable closure offers compression variation for additional comfort and support.

**S-5XL**

Designed for various shoulder instability, arthritis or tendon conditions. Universal design may be worn on left or right shoulder. Customizable V-Stability System for stability and to limit range of motion. V-Stability System is removable, making it a versatile product to suit different stages of shoulder rehabilitation.

**ONE-SIZE FITS MOST**

# ANKLE/FOOT

## THERMAL ANKLE BRACE

8\*133

Provides heat therapy, increased circulation along with light compression. Pull on design with anti-slip sole helps prevent slipping while two removable side stabilizers help provide for ankle support. Ideal for arthritis, diabetes, weak ankles, cold and sensitive feet.

**S-XL**

## PLANTAR FXT

8\*234

A semi-rigid strap pulls the toes upwards and the foot into a slight dorsi-flexion position. The combination of the thermal properties to reduce inflammation and the stretching of the plantar fascia while sleeping may aid in the recovery of Plantar Fasciitis.

**XS-XL**

## PLANTAR FXT ULTRA

8\*124

Holds your foot at approximately 90° to gently stretch and heal your plantar fascia. Extra padding is strategically located under the ball of the foot for added comfort. Two semi-rigid side straps lift your foot minimizing pressure on the toe area. Ventilation slots on the top allow for greater air flow.

**S-L**

# KNEE

Anatomically shaped for fit and comfort. Features a patella opening. As the kneecap is free from compression, any tenderness or bruising that may be present on the kneecap itself will not be aggravated. Is useful in the treatment of patella dislocation, chondromalacia patella and Osgood Schlatter's disease.

**ALSO AVAILABLE IN BLACK 8\*109**

**S-XXL**

Single Pivot Hinge (SPH) – Hyperextension stop at 0° and provides extra support for medial and lateral ligament injuries. Open wrap design for greater adjustability and ease of application.

**XS-5XL**

Range of Motion (ROM) – Graduated support for post operative rehabilitation and maintains selective ranges of flexion and extension at 15° increments. Open wrap design for greater adjustability and ease of application.

**XS-5XL**

# HAND/WRIST/THUMB

## CARPAL TUNNEL GLOVE

LEFT 8\*197  
RIGHT 8\*198

A metal splint positioned at 25° helps limit wrist movement while providing heat therapy and light compression for arthritis and aching hands. Locking straps around the wrist for comfortable, secure fit.

XS-XXL

## PREMIUM ARTHRITIS GLOVES

8\*199

Anatomically shaped to provide warmth and even compression for the temporary relief of arthritic pain. A textured outer layer provides additional grip for everyday activities and open finger tips allow a better sense of touch. Sold as a pair.

XS-XXL

# ELBOW

## HINGED ELBOW

8\*137

Features X-Cross adjustable locking straps. Combining these straps with the medial and lateral hinges help prevent hyperextension. This support may be suitable for those suffering from medial elbow instability or elbow hyperextension ailments.

S-XXL

## TENNIS ELBOW WITH PAD

8\*205

Provides protection, support and compression to forearm. Features an adjustable strap for rotational stability and a pad to provide localized compression to the problem area.

XS-XL

## BULLET PROOF YOUR ANKLES

The Swede-O Strap Lok combines the exclusive Ankle Lok lacing system with non-stretch nylon figure-eight straps and a heavy-duty full top strap. The lacing system with offset panel traps the laces between the inner and outer panel, which keeps the laces tighter longer than competitors' braces. The figure-eight straps simulate the effect of a professional taping procedure to lock the ankle in a protected position. The top strap locks the figure-eight straps in position for a much more secure fit.

## COOLXCHANGE GEL BANDAGE IS

- Ready to use anywhere, anytime,
- Doesn't require refrigeration
- Provides immediate, and continuous cooling for up to 2 hours
- Self-adhesive, available in large and regular
- No mess, no smell
- Reusable
