

**Choice Critical Care** is ideally located to service patients and facilities in South Central PA and Northern Maryland.

Our staff provides extensive IV and nutritional therapy for patients residing in a long term care facility or in the comfort of their own home.

**Choice Critical Care** has been serving the needs of the long term care community since 1979, and currently provides pharmacy services for more than twenty local nursing and residential treatment facilities.

**Choice Critical Care** is part of **Choice Health Services**, a healthcare network dedicated to caring for people like family.

## Our Professional Staff

### Choice Critical Care

is staffed with highly trained and experienced pharmacists, pharmacy technicians, and nurses that are readily available to coordinate infusion therapies.

Choice Critical Care's home infusion services are a cost-effective alternative to a lengthy hospitalization. We will administer and follow-up with I.V. patients in the convenience of their own home!

Choice Critical Care's staff works closely with the home health agencies in the area to provide the I.V., care and supplies needed.

*\*Choice Critical Care is NOT a home health agency.*
