All your medications filled at the same time every month and packaged for you.

Sign up today!

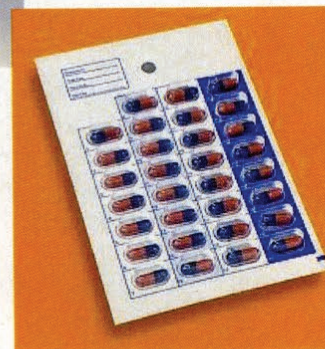

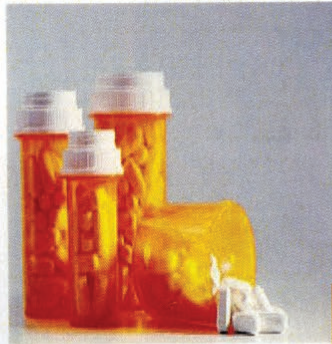

Here's how it works:

We **simplify the process of taking your medications correctly**. We ensure you take the right medication at the right time by packaging it in bingo cards or bottles for your morning, afternoon, and bedtime doses.

Each month at the same time your prescriptions are ready to be picked up or delivered right to you. A week or so prior to your prescriptions being refilled, you will receive a call from your pharmacy to confirm which prescriptions are needed.

Do you have a **family member that is not remembering to take their medication properly?**

Would you like to help them and don't know how?

Sign up today and finally have the peace of mind that you or your loved one is getting the time and attention they deserve and is seeing the full benefits of their medication because it is being taken daily and on time.

We work with your doctor to get the best outcome for you!
