

BIOLYTE[®]

the **IV** in a bottle

**Complements
Immunization Protocol**

Common Side Effects After Immunizations

Tiredness

BIOLYTE has Vitamins B3, B5, B6, B12 and L-Carnitine that helps boost energy naturally without caffeine.

Fever + Chills

BIOLYTE's water to electrolyte ratio helps regulate the body's natural core temperature and replaces the fluid and electrolytes lost from sweating and breathing.

Nausea

BIOLYTE contains ginger and dextrose. Together these ingredients help soothe nausea and symptoms of an upset stomach.

Headache

BIOLYTE has the equivalent electrolyte composition of the blood. This will help your brain stay hydrated and get the nutrients it needs to avoid headaches and dizziness.
