Panel Cable Markers

Both markers come standard with a reflective decal to improve visibility in low-light conditions. Orange or yellow decals on black markers are the most popular configurations, with additional decal colors available upon request. Double-sided decal application is also available for enhanced visibility from either direction.

Adjustable Cable Marker

The Adjustable Panel Cable Marker (APCM) easily attaches, adjusts, and locks to the cable. There are currently more than 1 million of these markers identifying cable in the marketplace. The APCM is identifiable from the ground and is UV-stabilized for maximum outdoor durability. Custom printing available.

Part No.	Base Color	Panel Size	Print Area	Description
APCM4BK	Black	4"W x 2"H	3.75" W x 1.5" Reflective Decal	Fits 3/8" to 3/8" Cable Diameter

The Strand Cable Marker (SSM) attaches to 1/4", 3/8", or 1/2" strand or cable. It can be attached from ground level using a strand marker attachment tool (#86SMT). Identifiable from the ground, the SSM is UV-stabilized for maximum outdoor durability. Custom printing available.

Part No.	Base Color	Panel Size	Print Area	Description
SSM414BK	Black	4"W x 2"H	3.75" W x 1.5" Reflective Decal	Fits 1/4"
