Handhole Markers

ACP's Handhole Markers are used to clearly identify underground vaults (also called underground enclosures, pull boxes, or splice boxes). Made of thick and durable 1/4" UV-resistant polyethylene. Text engraving provides long lasting and visible identification.

- Fast lead times with low quantity options.
- Custom message with company name, city name, or phone numbers.
- Standard size is 7.875" W x 1.875" H. Custom sizes are also available.
- Pair with Sikaflex adhesive to secure markers in the handhole niche.

**CUSTOM
