Test Stations

PolyDome™ Test Stations help locate buried lines while doubling as high-visibility asset ID markers. Featuring dual-printed messaging, integrated soil anchors, and a weatherproof dome secured by a security can screw, the terminal board includes 3 pre-installed standard lugs and supports up to eleven terminals.

POLYDOME™ TEST STATIONS

Part Number	Size	Legend	Color
PDTS6FOC	6'	Fiber Optic Cable	Orange
PDTS6ELEC	6'	Electric Cable	Red
PDTS6NATGAS	6'	Natural Gas Pipeline	Yellow
PDTS6PET	6'	Petroleum Pipeline	Yellow
PDTS6WTR	6'	Water Line	Blue
PDTS6SWR	6'	Sewer Line	Green
PD6RECWTR	6'	Reclaimed Water Line	Purple

Custom print available on all PolyDome™ Test Stations. White polyethylene posts (3.5" OD) come standard. Orange and yellow posts available. PolyDome™ Test Stations are also available in 7' and 8' lengths.

Top Hat Test Stations help locate buried utilities while serving as high-visibility asset ID markers. Featuring dual-printed messaging and permanent soil anchors, the impact-resistant cap uses a secure twist-and-lock method. The terminal board includes 5 pre-installed quick-release terminals and expands up to eleven terminals.

TOP HAT TEST STATIONS

Part Number	Size	Legend	Color
