Cable Identification

Both markers feature a 3.75" x 1.5" reflective decal for better visibility in low light conditions. Double sided application is available upon request.

Adjustable Cable Marker

The Adjustable Panel Cable Marker (APCM) easily attaches, adjusts, and locks to the cable. There are currently more than 1 million of these markers identifying cable in the marketplace. The APCM is identifiable from the ground and is UV-stabilized for maximum outdoor durability. Standard colors: Orange, Yellow. Custom printing available.
