

Step 1

go to covidvax.alaska.gov

Step 2

Find Soldotna Professional Pharmacy and Click our Blue Dot

State of Alaska
Alaska Department of Health and Social Services

COVID-19 Vaccine Status Update
Updated January 6, 2021

Step 1: Are you eligible to schedule a vaccine appointment now?

Vaccine scheduling open mainly to healthcare workers and people age 65 and above (through Phase 1b Tier 1)

Those in later phases and tiers, please wait to schedule. Find out if you are eligible to schedule now:

[Review eligibility criteria](#)

or

[Take the eligibility quiz](#)

Don't see yourself listed here?

Stay tuned. Supply is very limited at this time. As we receive more vaccine, everyone who would like to get vaccinated will be able to. Note that vaccine managed by Alaska Tribes, Veterans Affairs and the Department of Defense may have different eligibility criteria.

[Read more about availability](#)

Step 2: Schedule your appointment

First, confirm you are eligible by reviewing "Step 1," above. Find a vaccine provider using the link below; connect with the provider to make an appointment. Appointments will be available on a first come, first served basis.

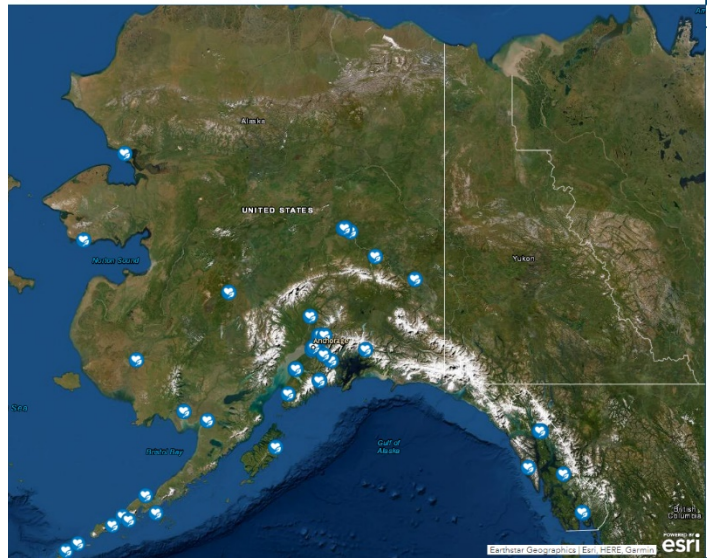

If you don't get an appointment:

- We are sorry there were not enough appointment slots available for everyone who wanted one.
- Our ultimate goal is to make the COVID vaccine available to all Alaskans who want it.
- More appointments will be available soon. Check again daily.

Vaccine providers regularly share available appointments directly into our system. We will continue to update and improve this map so it is easier for you to make an appointment.

Regular shipments of vaccine will continue arrive in Alaska. We are working with our regional partners to continue distributing vaccine across the State of Alaska.
