EASY TO PRESCRIBE
Find all our Compound Rx Order Forms with prices at: sandjargyle.com/RxForms

COMPOUNDING 101
Provide this QR code to your patients for an informative Compounding 101 video from our pharmacy.

GLP-1 receptor agonists help reduce appetite and improve glycemic control-but patients may also experience:

- Decreased protein intake
- Fatigue or lower energy levels
- Reduced lean muscle mass
- Nutrient depletion over time

Our custom combinations help mitigate these challenges and support whole-body wellness during therapy.

Whole-Body Wellness

Why Glycine?
- Supports muscle preservation, collagen synthesis, and metabolic repair during weight loss
- Promotes restful sleep and recovery

Why Vitamin B12?
- Helps prevent deficiency caused by reduced appetite or GI absorption
- Supports energy, focus, and metabolism
