

CHOOSE THE COMPRESSION AND FABRIC FOR YOU!

We offer hosiery, socks and specialty products in multiple compressions:

mmHg
compression

GENTLE graduated support to:

- Reduce leg fatigue and aches
- Prevent minor leg, ankle and foot swelling
- Protect your feet and lower legs

mmHg
compression

MODERATE graduated support to:

- Prevent swelling in legs, ankles and feet
- Alleviate early lower limb conditions
- Encourage circulatory wellness

mmHg
compression

FIRM graduated support to:

- Control moderate to severe edema and varicosities — as well as superficial thrombophlebitis
- Prevent recurrence of venous ulcerations
- Protect against deep vein thrombosis (DVT)
