

Quality service you can always count on.

The North Union Medicine Shoppe is your locally owned hometown pharmacy that believes our patients are more than a customer, they are family. Our staff of reliable, caring experts offer personalized and cost-effective healthcare solutions, allowing you the time you need to focus on your patients. Trust, integrity, professionalism, and compassion are just a few of the concepts we demand of ourselves therefore bringing humanity back to healthcare.

“People don’t care how much you know until they know how much you care.”
-President Theodore Roosevelt

ABOUT US

ACCOUNTIBILITY

The North Union Medicine Shoppe is locally owned by Patrick and Erika Scheels. Our team takes pride in the work we do and being a vital part of your healthcare team. When it comes to prescription management, we hold ourselves responsible to remedy, follow up and resolve any situation that may arise. Afterall, we are a family of professionals dedicated to your patient’s health and safety.

TURN AROUND TIME

We are LOCAL so we can provide prompt and efficient service with multiple delivery times. This ensures there will be no missed doses for residents. Our LTC team will work with your patient’s healthcare team to ensure we have the proper prescriptions for same day delivery or pickup.

2431 N. Union Blvd Colorado
Springs CO 80919
719-630-3154 Fax 719-630-1640

ORDER ENTRY

We understand the importance of staying up to date on medication orders. Our family of professional LTC pharmacists and technicians will verify all prescriptions with close pharmaceutical analysis and consultation. We take the initiative to investigate all changes, discontinued medications, prior authorizations, or any other insurance related issues.

Our pharmacy has the ability to interface with most E-MAR systems ensuring accuracy and proper medication management. After each new prescription we will update the MAR and send a copy of the new order to your facility or agency keeping everyone up to date. We also fill partial prescriptions for changes or new orders to get to the next cycle date, maintaining med synchronization.

PERSONALIZED PHARMACIST CONSULTATION

We like to think of each resident or patient as an extension of our own family, deserving the highest quality of care we can provide. Our dedicated LTC pharmacist work closely with the entire health care team to ensure appropriate, safe, and effective drug therapy. We provide individualized drug regimen reviews for every resident as well as a detailed evaluation of all new admissions. As the cost of prescriptions continue to soar it is important for us to look out for our patient's financial health as well. We work hard to recommend strategies to decrease cost and avoid duplication of medication therapy.

**ON CALL 24/7
365**
