MEDICARE / INSURANCE INFORMATION

Immunizations may or may not be covered by your prescription insurance. To be eligible to receive flu vaccination at no charge at the pharmacy you must have traditional **Medicare Part B, Railroad Medicare Card,** or **select Medicare HMO plans**. If you have a **Medicare HMO plan**, it must be a plan that has contracted with us to provide immunizations. We will need to verify eligibility with the plan for all immunizations. If we are unable to confirm eligibility, you may need to receive the vaccination from your physician OR you may elect to pay for it yourself to receive it at our pharmacy. Please provide your insurance billing and patient information below. You must list your name exactly as it appears on your Medicare or insurance card. Please provide the date of birth and street address that Medicare or your insurance has on file for you.

Incorrect information can result in Medicare or your HMO rejecting payment. If Medicare or your HMO plan does not cover the immunization, you will be required to pay for the immunization.
