

As President of the LCPOA, I have had direct experience working with Paul Gaarenstroom as the Treasurer and Secretary of the LCPOA. Paul always places the success of the organization as a top priority in his decisions. I also commend his ability to deconstruct complex problems into logical packets, allowing others to better understand the decisions of the board. In addition to his two board positions Paul also volunteers as the liaison to the trails committee. This position is necessary to help inform the board of the direction and requirements of this important committee. I recommend voting for Paul Gaarenstroom in this election to allow him to continue his vision of financial security and duty to the LCPOA Board.

Roy Paulson
President, LCPOA Board of Directors
