

Front Gate Tickets™

LENND

## A Complete Access Control Solution

Front Gate (FGT) and Lennd partnered together to simplify the credential management process and give promoters the ability to run successful events. Through FGT and Lennd, you'll get a fully integrated access control system for event staff, vendors, talent, guests, partners, etc. and keep all data in one place. Lennd focuses on improving, simplifying, and enhancing operational efficiencies in order to save promoters time, money and ensure quality in their operations. They'll provide you with one solution for all your teams and allow you to customize your workflows to improve internal communication with team members. Find out more about Lennd and our integration with them below!
