

Engineering Technical Lead

Marqii is looking for an experienced Engineering Tech Lead with Full Stack Engineering experience to lead our team of engineers and drive the development of our technology stack. The ideal candidate will be passionate about technology, experienced in leading teams, and have a deep understanding of both front-end and back-end technologies.

Responsibilities:

- Lead and manage a team of engineers responsible for the development and maintenance of our technology stack.
- Collaborate with cross-functional teams to define technical requirements and create technical solutions that meet business needs.
- Develop and implement technical strategies that align with business goals.
- Provide technical guidance and mentorship to team members.
- Manage technical debt and ensure the codebase is maintainable, scalable, and performant.
- Continuously identify opportunities to improve engineering practices, processes, and tools.
- Participate in code reviews, architectural discussions, and technical design sessions.
- Be hands-on with the codebase and contribute to feature development, bug fixes, and technical improvements.
- Stay up-to-date with the latest technologies and industry trends.

Requirements:

- Bachelor's or Master's degree in Computer Science or a related field or relevant working experience.
- 8+ years of experience in software engineering with a focus on full-stack development.
- Strong experience with front-end technologies such as React.
- Strong experience with back-end technologies such as Node.js, and Python.
- Experience leading a team of engineers and managing technical projects.
- Strong problem-solving skills and the ability to break down complex technical problems.
- Excellent communication skills and the ability to collaborate with cross-functional teams.
- Experience with AWS or other cloud services is a plus.
- Experience with Agile methodologies is a plus.

If you are passionate about technology, love solving complex problems, and enjoy leading teams, this is the perfect opportunity for you. We offer a competitive salary, a comprehensive benefits package, and the opportunity to work on cutting-edge technology in a fast-paced and dynamic environment.

What We Offer:

\$80-\$160k/yr

Health/vision/dental Insurance

401K

WFH stipend

Fully remote working environment

Unlimited PTO

Monthly remote team events and yearly in-person events

If you are an experienced and passionate Mid-Level Frontend Engineer with expertise in React, we would love to hear from you.

To apply, please send your resume to people@marqii.com, with the subject line "Engineering Tech Lead - <Your Name> - <breakfast tacos or bagels (whichever your vote is for most perfect breakfast item)>"
