

To Our Valued Customers,

As our community continues to feel the increased impact of COVID-19, we feel that it is important to share with you what we are doing to help prevent the spread of this virus. Saver Express wants to ensure that our customers and employees are safe and cared for in the utmost way.

We are a locally owned pharmacy with a small staff. Therefore, if even one of our employees contracts the virus it would severely inhibit our ability to serve the community efficiently. We also want to do everything in our power to protect our at-risk patients from unnecessary exposure. That being said, we have implemented the following changes to our operational protocols:

Dispensing all prescriptions and over-the-counter products in one of the following two ways:

1. **Curbside Pick-Up:** Call or text us and we will bring your purchases to your car
2. **Delivery:** This free service is available for customers in our local area.

The pharmacy will maintain its regular business hours. We appreciate your patience and cooperation at this time.

Sincerely,

Saver Express Pharmacy
