

# Pure Custom Capsules

Your medication. Your dose. Nothing else.

✓ NO FILLERS · NO DYES · NO UNNECESSARY EXCIPIENTS

Most commercial medications are filled with binders, dyes, coatings, lactose, gluten, talc, and other inactive ingredients your body doesn't need — and that some people genuinely react to. At The Medicine Shoppe, we compound **custom capsules containing only what your prescription calls for**, in the exact dose your prescriber specifies.

## What's Actually in Your Medication?

### Typical Commercial Tablet

- ✗ FD&C dyes (Red 40, Blue 2, Yellow 6)
- ✗ Magnesium stearate, talc, PEG
- ✗ Lactose, gluten, corn starch
- ✗ Titanium dioxide, shellac coating
- ✗ Preservatives and flow agents

### Your Custom Capsule

- ✓ Your active medication, exact dose
- ✓ MCC if needed — a clean, inert filler
- ✓ No dyes, no lactose, no gluten
- ✓ No unnecessary additives, ever
- ✓ Gelatin or vegan HPMC shell
