Hurricane Irma

Activation: (Hurricane Irma)
Situation Report 3 - (September 8, 2017)
Glide Number: TC-2017-000125-DOM
Prepared by: Humanity Road / Animals in Disaster

Situation Overview
This is a report of early indications of impacts from Hurricane Irma on islands in the Caribbean. It also includes useful information links for the islands impacted. It is based on initial reports from social media and public domain sources. Humanity Road activated its disaster desk on Tuesday, September 5th in advance of initial landfall in the Caribbean. Situation Report No 1 was published on September 6, 2017, and Situation Report No 2 was published on September 7.

Hurricane Irma, one of the strongest storms ever recorded in the Atlantic, hit the eastern Caribbean on September 5, 2017 as a Category 5 hurricane with winds of up to 185 miles an hour. Irma first made landfall in Barbuda with gusts of 155 mph, causing an eight foot storm surge. Early Wednesday morning, the eye of Irma then moved over St. Martin, St. Barthelemy and near Anguilla, where sustained winds of 117 mph were measured. Irma is tracking toward Puerto Rico, the Dominican Republic, Haiti and Cuba and may possibly hitting Florida around September 9. source1 source2 source3 source4

Below is Situation Report #1 from the Caribbean Disaster Emergency Management Agency. CDEMA presently comprises eighteen (18) Participating States (PS): Anguilla, Antigua and Barbuda, Commonwealth of the Bahamas, Barbados, Belize, Commonwealth of Dominica, Grenada, Republic of Guyana, Haiti, Jamaica, Montserrat, St. Kitts & Nevis, Saint Lucia, St. Vincent & the Grenadines, Suriname, Republic of Trinidad & Tobago, Turks & Caicos Islands and the Virgin Islands.

Significant Updates (most recent first)

Sep 8:
  ● The Bahamas - LPIA Nassau Airport in the Bahamas is closed Sep 8. source
  ● Cuba - Irma has caused storm surge in Baracoa. source
- **Dominican Republic** - The storm passed through the northern side of the Dominican Republic. Initial photos from the region show downed trees and power lines, damaged buildings and debris littering the streets. [source](#)
- **Haiti** - Irma grazed the northern coast of Haiti, downed trees, and left the landscape vulnerable to floods and landslides. [source](#)
- **Puerto Rico** - Maritime transportation with the islands of Vieques and Culebra has been re-established. [source](#) The Governor has requested a Declaration of a State of Emergency for the two islands. [source](#)
- **St Martin / St Maarten** - According to early reports, the French side was hit harder than the Dutch side with a death toll of 9. Ninety-five percent of infrastructure has been damaged. The capitals of both sides of the island, as well as other low lying areas, were totally flooded out. [source](#) Currently, both sides of the island are still without electricity, phone, and internet. [source](#) There are reports of looting, and the Netherlands is providing troops to patrol the streets. [source](#)
- **Turks and Caicos** - Providenciales is flooded, included the International Airport. [source](#) There are reports of devastation on Salt Cay [source]. The hospital in Grand Turk also is reportedly damaged. [source](#)
- **US Virgin Islands** - the US military has arrived to assist with medevacs and relief. [source](#) St. John’s Myrah Keating Smith Health Clinic has a limited supply of fuel for its generator, and the condition of shelters is unknown due to damaged communication lines. [source](#)

**Sep 7:**
- Red Cross Netherlands has activated Safe and Well [https://www.ikbenveilig.nl/safeandwell](https://www.ikbenveilig.nl/safeandwell)
- Google has launched a crisis map [source](#)
- **Barbuda** Interview with Prime Minister Brown - 1 infant died, estimate 95% of structures damaged and 60% of population of 1,800 is homeless. Search and rescue underway, no additional fatalities at this time but search and rescue is in progress. Cell tower on Barbuda snapped in half. Ham radio destroyed. Need for satellite phones on the island. One satellite phone has been provided, need more. Airport is damaged preventing its use to land fixed wing. Planning on delivering aid and supplies via helicopter. May need to evacuate the island if Jose continues threat. No mandatory evac order yet. Barbuda is literally uninhabitable. There is no power, no water, now telecommunications, no WhatsApp. There is an issue of food and water. and in moving goods for relief efforts, may need additional boat(s). Relief efforts will beginSep 8th. [source](#)
- **US Virgin Islands** - St. Thomas and St. John have received heavy damage from Hurricane Irma. Many homes and businesses have lost their roofs on St. Thomas and St. John and flooding is severe, preliminary reports indicate. [source](#) The Schneider Regional Medical Center Hospital on St Thomas is being evacuated. Patients are being taken to St Croix and Puerto Rico. [source](#)
- **British Virgin Islands** - Phone lines are still not working properly and internet is down. [source](#) A newly created BVI Facebook page is showing severe damage. [source](#)
- **Anguilla** - The damage is severe. The main priority is to clean up debris before the island is hit by Hurricane Jose. [source](#)
- **St Maarten** - the Dutch military has arrived in Phillipsburg to provide relief. [source](#)
- **UK Ministry of Defense** en route to Caribbean islands to bring help needed [source](#)

Situation Updates and Useful Links for Caribbean Islands

Anguilla

Situation Updates:

Sep 7:

- Video of Princess Alexandra Hospital. [source](#)
- Video interview at Radio Anguilla w/ Chief Minister Mr Banks & volunteers Kiron and Leslie (conducted by Ivor Hodge). [source](#)
  - Most important first priority is cleaning up the debris before Hurricane Jose hits. They are trying to collect as much as possible to take to dump sites and need the whole community to help.
  - They are asking everyone to stay home and clean up rather than travelling around and sightseeing.
  - Anguilla does not have a lot of wooden houses; has strong structures. Would have been worse if their buildings were less strong.
- Caribbean Disaster Emergency Management Agency: In Anguilla, extensive damage to airport, hospital, schools, prison, fire & police stations. [source](#)
- East End is showing very bad damage with many poles down, trees blocking roads, flooding of pond areas and complete destruction to a number of homes. [source](#)
- 75% of electric poles down in Shoal Bay, Welches, Deep Waters and Island Harbour. [source](#)
- Palm Grove is gone. [source](#)
- Damage in Crocus Bay area. Lots of damage to Red Cross and surrounding homes. [source](#)
- Destruction in Blowing Point. Further inland was hit very, very hard. (videos). [source](#)
- Destruction in The Valley with quitARTHe a few of immigration building's windows blown out. Videos. [source](#)
- Damage to Anguilla Medical School. [source](#)
● Aerial photos of damage. [source](#)
● Damage photos. [source](#)
● Photos and videos. [source](#)

Sep 6:
● Anguilla reportedly was directly hit by Irma. [source](#)
● Bad damage and communications are down in the East End (photos). [source](#)
● Damage to Princess Alexandra Hospital. [source](#)
● Photos of damage and flooding at airport. [source](#)
● Radio Anguilla's staff are trapped—yet still broadcasting via Periscope—at their storm-battered station. [source](#)
● Digicel lines are currently down. [source](#)

US Virgin Islands
Situation Updates:

Sep 8:

- **USVI Territory:**
  - Cape Air - Service between San Juan and Mayaguez, St. Croix, Vieques will resume on Sat., 9/9. Service to Tortola & St. Thomas is canceled through 9/11. [source]
  - The USS Wasp is off the US Virgin Islands conducting med evac from St. Thomas to St. Croix. [source] US troops conducted six search & rescue missions in Virgin Islands and continue to med evac ~50 critical care patients. [source] Two other Navy ships, Kearsarge & Oak Hill, will be off St Croix soon to help w/ search & rescue. [source] USAF C-17s are flying in ATVs, Humvees, forklifts & relief supplies. [source]

- **St Thomas:**
  - Reportedly home invasions for food have increased because the stores are empty. [source]
  - The Pentagon has shipped 1 million+ "shelf-stable meals" to St. Thomas. [source]

- **St John:**
  - News conference scheduled at 5 PM local time by Governor Kenneth E. Mapp, Government House, St. Croix, to update the public. [source]
  - 11:30 AM local time, United States Coast Guard announced Red Hook and Cruz Bay port facilities, restricted to ferry and emergency services only. [source]
  - Security: Shelter in place, curfew in effect. deployment of Virgin Islands National Guard from St. Croix; Family reunification: American Red Cross helpline to aid with family reunification, 1-800-RED-CROSS (1-800-733-2767), choose option (1) to speak to an operator; Roads: Many remain uncleared due to understaffing; Airport: Cyril E. King airport preparing for military relief supply shipments and personnel, no electricity; Ferry: Daylight with extreme caution between Sts. John and Thomas; Shipping: Charlotte Amalie port remains closed to commercial shipping; Search and rescue: Teams deploying, with some teams focusing on Tutu; Hospital: Myrah Keating Smith Health Clinic has a limited generator fuel supply, patient relocation successful; Emergency shelters: conditions unclear, high demand, food security and basic livelihoods a priority; Communication: Damaged; Supplies: Relief supply chain distribution points being determined. [source]
  - President Trump issued major disaster declaration, making federal funding available to affected individuals. [source]
  - Myrah Keating Smith Clinic is the only operational shelter with approximately 100 individuals present, additional shelters needed, management volunteers needed, further information, to report disaster related incidents, or to request rescue and recovery call 340-773-2244. [source]
  - Video and photo of destruction. [source]
  - VITEMA main website currently down. [source]

- **St Croix:**
  - RI National Guard has been sent to St Croix to help with relief efforts. [source]
  - St Croix had some wind damage but escaped the worst of it. Authorities are using St Croix as a staging area for relief efforts. [source]
• Priorities: clearing priority roadways; evaluating infrastructure; restoring electricity; reopening the airfields; distribution of food and commodities; security; and maintaining contact with St. John. [source]
• know how you are doing. We will be posting additional information as it becomes available on [usviupdate.com, source]
• The #USVI gov't is asking for volunteers - including fire/rescue/medical personnel from the lower 48: [http://www.informusvi.com/Volunteer.php, source]

**St Thomas:**
- Schneider Regional Medical Center Hospital is currently generating its own electricity. Damage to the roof has caused flooding which has forced the hospital to relocate all patients from the third and fourth floors to the second floor. [source]
- Evacuation of patients from the hospital is a priority. Critical patients are being relocated to the Juan F. Louis Hospital on St. Croix, while others will be evacuated to hospitals nearby in Puerto Rico. U.S Military aircraft are being used to provide transport. [source]
- A triage center has been set up at the Ritz-Carlton on the East End of STT. [source]
- Dialysis patients are advised that no dialysis service is available, therefore, patients should not try to keep appointments and will be advised accordingly. [source]
- Radiation treatment is no longer available at the Charlotte Kimelman Cancer Institute. Patients requiring radiation therapy are advised to arrange off island alternatives for treatment. [source]
- On St. Thomas three fatalities have been confirmed thus far. [source]
- St. Thomas was destroyed.. hospital, police station, airport all devastated. [source]

**St John:**
- Communications are limited. There are preliminary reports of damage to infrastructure. [source]

**St Croix:**
- STX Airport has been cleared but operation not known yet. [source]
- St. Croix did not receive the full brunt of the storm. The St. Croix curfew has been lifted today between 8 a.m. through 6 p.m. Teams will be conducting assessments as soon as they can. [source]

**Sep 6:**
- Rainfall: 12 inches of rainfall reported at 4:00 PM local time; Wind: wind damage biggest threat to safety, Governor reported North Eastern Quadrant of St. Thomas most affected; Power: Virgin Islands Water and Power Authority have lost its generating capacity; Public Health: Roy Lester Schneider Hospital is currently generating its own electricity although second floor is flooding and roof damage is present; Shelter: two emergency shelters are flooding (1) E. Benjamin Oliver Elementary School Shelter and (2) Eldra Schulterbrandt Facility; Injuries: two reported injuries. [source]
- Gov. Kenneth Mapp orders 36 hour minimum curfew. [source]
- Storm center hits island of St. Thomas. [source]
- Video of St. Thomas. [source]
- Live video coverage of St. Croix. [source]
