Situation Overview

Background

Heavy rain beginning on August 11, 2016 has caused historic flooding in Louisiana, especially the Baton Rouge area. At least 4 people have died, and about 1,000 National Guard troops are on the ground conducting rescues. The governor has declared a state of emergency and has requested help from FEMA. As of August 15, the hardest hit parishes of Tangipahoa, St. Helena, East Baton Rouge and Livingston have been granted an initial federal disaster declaration [source](#). About 10,000 people are in shelters, and 20,000 have been rescued [source](#). Hundreds of motorists were stranded on I-12 for over 24 hours, and food and water was air dropped to them on August 15. The motorists have since been diverted off of I-12 which remains closed in some places. Parts of I-10 are closed, and traffic is being diverted [source](#).

20 parishes approved for Federal Disaster Declaration as of Aug 16: [source](#).

1. Acadia, 2. Ascension, 3. Avoyelles, 4. East Baton Rouge, 5. East Feliciana, 6. Evangeline, 7. Iberia, 8. Iberville, 9. Jefferson Davis, 10. Lafayette, 11. Livingston, 12. Pointe Coupee, 13. St Helena, 14. St Landry, 15. St Martin, 16. St Tammany, 17. Tangipahoa, 18. Vermillion, 19. Washington, 20. West Feliciana

Significant Updates (most recent first)
