Organization Name: ACT Alliance (updated)
Organization Type: NGO - Local
Country of Origin: International
Sectors: Early Recovery, Assessments, Nutrition, Shelter & NFI, Shelter & NFI
Description of Activities:
Apr 29 - Food distribution in a school in Jharuwarashi, Lalitpur
Apr 27 - ACT was active in Nepal prior to the earthquake. Using team already in Nepal, they are working to assist many who have survived the quake, by distributing immediate life-saving supplies such as water, food, shelter and medication. ACT Alliance members were already present in Nepal prior to the earthquake, alongside a number of national partners. ACT Alliance members have been distributing ready to eat food, blankets and tarpaulins for emergency shelter to over 2,100 displaced families in informal camps in Kathmandu valley. Rapid needs assessments have been carried out. ACT members of the ACT Nepal Forum, DanChurchAid (DCA), Finn Church Aid (FCA), Lutheran World Federation (LWF) and Lutheran World Relief (LWR) plan to assist in the areas of: WASH, shelter, food and NFI, psychosocial and livelihoods.

Organization Name: ACTED (updated)
Organization Type: NGO - International
Country of Origin: International
Sectors: Early Recovery
Description of Activities:
ACTED's emergency teams, arrived in Kathmandu on April 27 and were immediately deployed outside the capital to assess needs in Sankhu, a town located 16 kilometers North-East of Kathmandu. Despite its close proximity to the capital, Sankhu has not received any humanitarian aid since the earthquake. The priority is to provide shelter (tents, plastic covers, construction kits), and drinking water as the water supply networks have been disrupted. ACTED can access the stocks prepared in country - basic survival items and contingency stocks (food rations, medicine, and water) which are then distributed by our teams directly to affected people. The teams will work alongside local people and organizations, but also in connection with international organizations (such as the Canadian NGO CECI and European NGO Alliance2015) to share resources and logistical support.

The Standby Task Force’s Situational Review of Aid Responders in Nepal - Report #5, as of May 4, 2015

This SW information has been collected by the generous volunteers of The Standby Task Force (SBTF), which was activated by many leading International humanitarian response organizations, including UN OCHA, to respond to the earthquake crisis in Nepal. This document is a work in progress and may contain outdated or unverified information. All information herein has been collected from publicly available sources and verification may not be complete. To learn more and volunteer, visit http://www.standbytaskforce.com

Description of Activities:
ActionAid Nepal responded immediately and began our in-country emergency response. The team has mobilised its large network of women’s and youth groups to give out relief packages (dry foods, water, mats and tarpaulin sheets) in some of the worst hit areas, such as Khokana in the southern Lalitpur area of the Kathmandu valley, where of a population of around 10,000 over 80% of houses and public facilities were completely destroyed.
The first phase of the emergency response will be to provide immediate relief to the injured and homeless who are still emerging from the rubble. The second phase will be to provide help to protect people from the threat of disease, hunger and lack of good quality accommodation. **Country of Origin:** Turkey  
**Sectors:** Search & Rescue, Food Security, Shelter & NFI  
**Description of Activities:**  
The Turkish Red Crescent sent blankets, tents and six tonnes of food flown in by Turkish Airlines. National Medical Rescue Organization, known by turkish acronym UMKE sent 10 highly trained staff.  
As of May 1:  
Turkey has also contributed to search-and-rescue efforts under the Prime Ministry's Disaster and Emergency Management Authority, known as AFAD.  
On Wednesday, AFAD supplemented earlier contributions by sending 16 tons of supplies including tents for the displaced, food, water and supplies for children.  
Immediately after the quake, the Turkish authority had sent a 96-member search and rescue team along with 1,000 tents and 320 food packages. Several other Turkish agencies — including the Humanitarian Aid Foundation, Turkish Red Crescent, Search and Rescue Foundation and Confederation of Public Servants Trade Unions — sent have sent emergency and medical supplies, doctors and search and rescue experts.(http://news.videonews.us/1000-europeans-missing-in-nepal-quake-aftermath-018563.html)

**Organization Name:** Blue Sky Rescue  
**Organization Type:** NGO - International  
**Country of Origin:** China

**Sectors:** Search & Rescue

**Description of Activities:**
5/3 69 team members on the ground in Nepal. Working with the Nepali military & police to identify places where to concentrate digging/rescue operations/etc. They are contributing to the building of refugee camps, clean water supplies, etc. (Source: [http://wwwhdrich.com/hotcontent_en-44047.html](http://wwwhdrich.com/hotcontent_en-44047.html) - seems to have been auto-translated from Chinese and it requires a lot of interpretation to pull useful information out)

More than 20 members of a Chinese non-governmental rescue team called Blue Sky Rescue also arrived in Kathmandu on Monday night. In Machha POKhara area of Kathmandu, China's Blue Sky Rescue (BSR) team has been working with the Nepalese army at two sites, where several victims were confirmed to be buried in. The badly damaged buildings were leaning forward and could collapse at any time, but several Chinese rescuers dived into the bottom without fear and tried to pull a corpse out.... the BSR has already found more than 10 bodies since the quake and will start the disinfecting process soon in case of a possible epidemic. [http://www.globalpost.com/article/6535090/2015/05/01/roundup-chinese-rescuers-mark-labors-day-relief-efforts](http://www.globalpost.com/article/6535090/2015/05/01/roundup-chinese-rescuers-mark-labors-day-relief-efforts)
The Standby Task Force’s Situational Review of Aid Responders in Nepal - Report #5, as of May 4, 2015

Organization Type: NGO - International
Sectors: Early Recovery
Description of Activities:
Brother's Brother Foundation is supporting three medical teams leaving for Nepal in the next 10 days. These groups will leave from Pittsburgh, Cleveland, and Loveland, Colorado. BBF is providing medical supplies for several medical teams doing hand-carry emergency work in Nepal. (Source: http://www.wpxi.com/news/news/local/brothers-brother-foundation-pittsburgh-nepal-aid/nk6WG/)
BBF has 40 staff members plus volunteers on the ground. Has partnered with Himalayan HealthCare a Nepal-based charity, ADRA International and others to provide emergency relief. Himalayan HealthCare has provided primary healthcare, education and income-generation opportunities in rural Nepal for 23 years. In addition to training health workers, Himalayan HealthCare provides vaccine administration, supplies essential medicines to remote villages and helps patients secure specialty care. BBF will also be working with ADRA International (Adventist Development and Relief Agency) which is focused on a response to the earthquake helping with health and shelter needs. The Standby Task Force’s Situational Review of Aid Responders in Nepal - Report #5, as of May 4, 2015

Organization Name: Christian World Service (CWS)  
Organization Type: NGO - International  
Country of Origin: New Zealand  
Sectors: Funding  
Description of Activities:  
As of April 26, Christian World Service has launched an appeal to provide relief supplies in Nepal. CWS is working with ACT Alliance (Action by Churches Together) of which it is a part. Members are based in Kathmandu and other parts of the country. They are mobilising life-saving relief: shelter, food, water, blankets and medications. (Source: http://www.scoop.co.nz/stories/PO1504/S00249/cws-launches-appeal-for-nepal.htm)

Organization Name: Church World Service (CWS)  
Organization Type: NGO - International  
Country of Origin: International  
Sectors: Funding, Shelter & NFI, Food Security, WASH, WASH  
Description of Activities:  
CWS will respond through the ACT Alliance Nepal Forum members and in particular, Lutheran World Relief. The consortium has carried out assessments and will respond in the most heavily impacted districts, including Kathmandu, Lalitpur, Bhaktapur, Sindupalchowk, Dhading, Lamjung, Kabre and Gorkha. The target population for support is particularly vulnerable from having experienced the loss of family members and destruction of their homes and livelihoods in the earthquake.  
Shelter: CWS will support efforts to provide 22,000 families in targeted areas with emergency tarpaulins and other temporary shelters. An additional 2,500 vulnerable families will receive cash assistance to help them find safe, adequate shelter in the crisis.  
Food: With a goal of reaching 25,000 of the most vulnerable who have been affected by the quake, partners will provide immediate and short-term assistance to those at risk for hunger.  
Water and Sanitation: Partners will reach a combined 95,000 in providing access to water, sanitation and hygiene needs, providing temporary access and some permanent fixtures where none previously existed.  
Psychosocial Support and Education: A combined 29,000 children in target schools will have access to a protective and safe school environment that will allow for quality learning after the earthquake. Partners will also train teachers and others to be able to help children cope with trauma following the emergency.

**Organization Type:** NGO - Local

**Country of Origin:** Nepal

**Sectors:** Early Recovery, Logistics

**Description of Activities:**
Primarily doing clean-up work and delivery of supplies. All updates on Facebook.
As of May 2, In order to to support the work undertaken by the many organisations and individuals, Clean up Nepal is undertaking a district-wide survey of the open shelters and number of people at each shelter in order to create a database that will assist organisations to contribute to needs more effectively. We are seeking 200 proactive, independent and self-motivated individuals to collect this data at different VDCs of Sindhupalchowk tomorrow on the 3rd of May 2015. As many of these VDCs are not accessible by bus, we will require at least 100 individuals to have their own mode of transport, i.e. bikes.

Organization Name: Concern Worldwide - Concern Worldwide - UK (CW)
Organization Type: NGO - International
Country of Origin: Ireland
Sectors: Nutrition, WASH, Early Recovery, Funding, Funding
Description of Activities:
Departed for Nepal on 26th April, team will assess the greatest needs throughout the affected areas and will be prepared to respond as needed to critical and lifesaving interventions. Concern Worldwide worked in Nepal from 2006 to 2010, focusing on livelihoods, water and sanitation, and nutrition and is currently reaching out to former partner organizations on the ground. Concern Worldwide is a member of Alliance2015.
May 1: The agency’s Emergency Response Team has now linked with two former local partner organisations: Rural Reconstruction Nepal and Nepal Water for Health. They will be distributing shelter and hygiene supplies to 10,000 households – equating to 50,000 people – in three rural areas worst affected by the earthquake: Dolakha, Sindhupalchok and Ramechhap.

The Standby Task Force's Situational Review of Aid Responders in Nepal - Report #5, as of May 4, 2015

This 3W information has been collected by the generous volunteers of The Standby Task Force (SBTF), which was activated by many leading international humanitarian response organizations, including UN OCHA, to respond to the earthquake crisis in Nepal. This document is a work in progress and may contain outdated or unverified information. All information herein has been collected from publicly available sources and verification may not be complete. To learn more and volunteer, visit http://www.standbytaskforce.com

dZi is collecting funds to help Nepal's most remote communities recover from the devastating earthquake. Their partner communities have been hit extremely hard and will need your help to rebuild schools, homes, and local infrastructure. dZi has been triaging Everest victims who have been arriving via helicopter from Pheriche, a town about seven miles downhill from Everest Base Camp that has acted as a staging area for the critically injured and walking wounded.

PHOTO 5/1: Our Solukhumbu Program Coordinator Jitna's temporary shelter in his home village of Lokhim after the quake. His house is among the many damaged by the earthquake. His family will be living outside in shelter until they repair their house. Also see the cracks made in the walls of his home on the bottom right corner of the photo.

Organization Name: European Union (EU)  (updated)
Organization Type: Government  (NEW)
Country of Origin: European Union
Sectors: Funding, Search & Rescue

Description of Activities:
The European Union assistance is being channeled through the European Commission’s Humanitarian Aid and Civil Protection Department (ECHO) in close coordination and cooperation with the United Nations Office for the Coordination of Humanitarian Affairs. And, with partner organizations who work on the ground. See ECHO above. All 28 EU Member States participate in the EU Civil Protection Mechanism, as well as Iceland, Norway, the former Yugoslav Republic of Macedonia, and Montenegro.

Organization Name: European Union Humanitarian Aid and Civil Protection - European Commission's Humanitarian Aid and Civil Protection Department (ECHO) (ECHO)  (NEW)
Organization Type: Government  (NEW)
Country of Origin: European Union
Sectors: WASH, Food Security, Shelter & NFI, Telecom, Telecom

Description of Activities:
May 1 - So far, 16 Member States have provided support to Nepal with EU coordination, via the EU Civil Protection Mechanism (EU CPM). Assistance includes search and rescue teams, technical equipment such as water purification systems and ICT support as well as other technical assistance. An EU Civil Protection team, including experts in structural engineering, is operating on the ground. The Commission is co-financing transport costs of EU aid to Nepal.

The European Commission's Emergency Response Coordination Centre (ERCC) monitors developments and coordinates support 24/7. The Copernicus Emergency Management Service has been activated for the provision of satellite images/maps of the disaster area to support the ongoing operations.
The EU assistance will address the most urgent needs and focus in particular on the most vulnerable groups. The aid will be channelled via European Commission's Humanitarian Aid and Civil Protection Department (ECHO)'s humanitarian
partner organisations operating on the ground. It is expected that early recovery activities and longer term rehabilitation will also be needed. Logistics are a major challenge for relief operations in the mountainous region. Airport capacity is limited.

Apr 29 - EU Commissioner for Humanitarian Aid and Crisis Management, Christos Stylianides, together with the UN Under-Secretary-General, Valerie Amos, responsible for the international coordination of the humanitarian response travelled to Nepal and visited the affected areas. Within the first 24 hours after the earthquake - Initial response - the European Commission activated the EU Civil Protection Mechanism (EU CPM) upon request from the Nepali authorities, dispatched humanitarian experts to Nepal - first response teams and assets from the Member States - and released €3 million to help address the most urgent needs: clean water, food, medicine, emergency shelter and telecommunication.

“We do not want used clothes because of health and hygiene reasons, and urge the public to donate food and other aid materials,” said BRCS secretary-general Dr Fawzi Amin. “We are not accepting used clothes and we urge people to take them back. All the food, medical and other aid will be collected and sent with the first consignment of aid to Kathmandu on May 4. We are getting good support from the public and expect to collect over 40 tonnes of aid,” he said. A disaster response team from DHL has also been deployed to Nepal to provide logistics support at Tribhuvan Kathmandu International Airport. The team consists of DHL employees from Bahrain, Belgium, the UAE, India, Malaysia and Singapore, who are working with the UN Office for the Co-ordination of Humanitarian Affairs to mobilise and co-ordinate humanitarian relief efforts in Nepal.

Members of Canada's Disaster Assistance Response Team (DART) arrived in Nepal Wednesday 29th of April. On Friday, the assessment team delivered its recommendations and called for the day after the earthquake, Canada deployed the Interdepartmental Strategic Support Team, followed by DART elements of DART to support the relief efforts. Officials say the elements of DART will be deployed in a phased approach, adjusting capabilities and personnel based on needs on the ground. DART will be capable of providing field and construction engineers, and medical assistance that could include first aid, laboratory, pharmacy, rehydration, preventive medicine and limited obstetrics services. DART headquarters will be providing command and control, and linking with other Canadian government departments, the government of Nepal and international humanitarian groups.

Organization Name: Government of China - China International Search & Rescue Team (CISAR)  
Organization Type: Government  
Country of Origin: China  

Sectors: Search & Rescue

Description of Activities:
As of May 3, China currently has a medical team in-country; planning to bring in 3 helicopters to be based out of military academy. (OCHA)

As of April 26, the 62 member China International Search & Rescue Team (CISAR) was sent to Nepal at 6:00 am Sunday. Teams are equipped with six sniffer dogs and relevant rescue and medical equipment. China has also initiated an emergency humanitarian aid plan to quake-hit Nepal and details yet to be formulated. The Chinese government also extended solicitude to other countries affected by the earthquake, including India, Bangladesh and Bhutan, adding that China is ready to provide assistance to these countries within its capacity. (Source: http://www.nbcnews.com/storyline/nepal-earthquake/nepal-earthquake-charities-nations-rush-offer-aid-n348391, http://www.chinadaily.com.cn/world/2015-04/26/content_20542514.htm, http://ibnlive.in.com/news/nepal-earthquake-china-sends-search-and-rescue-teams/542108-2.html)

The Chinese government on Sunday said it will provide aid worth 20 million yuan ($3.3 million). The first batch of 186 tons of aid, including tents and blankets, is set to arrive in Nepal by Tuesday.

3 May: On Sunday, Chinese paramilitary police arrived in Nepal to help clear a highway linking the two countries. China has already sent about 350 medical and search-and-rescue personnel. (http://www.wsj.com/articles/u-n-presses-nepal-to-expedite-entry-of-aid-supplies-1430650997)

Organization Type: Government  
Country of Origin: United Kingdom
Sectors: Search & Rescue, Logistics, Shelter & NFI, WASH, WASH
Description of Activities:
As of May 3, several aircraft have arrived delivering water purification equipment, shelter and medical supplies, including; 3 forklift trucks and heavy lifting machinery to help cargo move quickly through Kathmandu airport; more than 1,900 5-litre water purification jerrycans for use by Oxfam; more than 2,500 shelter kits to be distributed by the International Organization for Migration; and, medical supplies for use by UK Med and Save the Children. Six NGOs and charities will share £3 million funding as part of Britain's response to the crisis in Nepal. They are: Save the Children, Mercy Corps Scotland, Care International UK, ActionAid, Oxfam and Handicap International. (UK)
A dozen British Army Gurkha engineers are being sent to Nepal via RAF C-17, also carrying emergency shelters and solar lanterns. The team is expected to be followed by more Gurkha military liaison teams. They will join 65 others permanently based at the brigade's HQ in Kathmandu. Soldiers from the Royal Gurkha Rifles who were on Mt. Everest, are trekking down the mountain and assisting British nationals. (Telegraph, BBC)

Organization Type: NGO - Local
Country of Origin: Nepal
Sectors: Health, Shelter & NFI, Food Security

Description of Activities:
Very sadly, we have to report that the number of Gurkha veterans or their widows who have died in the earthquake has risen to 9. I know that the thoughts and prayers of all our supporters are with their families at this terrible time. In addition to the 3 water projects that are damaged that we learnt of yesterday, we have now heard that 6 of our schools are damaged. With 1,400 water projects and 128 schools to check out, it will be some time before we get the full picture. We have received 116 reports of homes being damaged so far, with new reports coming in every day. Of these 116, 67 are either substantially damaged or completely destroyed. Our teams are currently working in the villages of Gorkha district, the western part of Dhading district, the eastern and north eastern areas of Lamjung district, the villages in the
Pyarjung area, the Trishuli areas on the borders of Nuwakot and Rashiwa districts northwest of Kathmandu. A further team is being sent to Dharding district tomorrow morning. A further report will be posted tomorrow.

3 May: Dr. Gary Morsch: We're loading up the three 4-wheel-drive vehicles right now. I'll send some photos when I can. We'll be wending our way through the Himalayas northwards towards Tibet and eastward toward the Mt. Everest region. After a long drive, the 7-person medical team will trek on up to an area called Thanpalkot. This was the area HHI was assigned to, and the military has been trying to fly us to for the last two days.

So we've got two weeks of dehydrated food, water, water purification equipment, tents, sleeping bags, tarps, and hundreds of pounds of medicines and medical supplies, and they're being loaded as I type this. We will drive as far as the road goes, and then hire local Sherpa porters to help us carry our gear up the mountain to Thanpalkot. They have sent one person from the local community of Thanpalkot who had come down to Kathmandu before the earthquake, and who will be our guide to lead us up the mountain. Julie Hefner, our country director, and I have packed an overnight pack and depending on how long all this takes, may try to hike up the mountain with the team, and return the next day to the road, and then head back to Kathmandu. We've also found a terrific translator. He's a Nepali-American officer in the U.S. Army who has taken an emergency leave and is volunteering full time with our group. In addition to his translating, he's now him in charge of our security. (http://www.hearttoheart.org/nepal-medical-team-heads-into-remote-mountain-region/)

Based on available funding, the longer-term response will follow Habitat's model of assisting affected communities with housing solutions ranging from emergency shelter interventions to permanent home reconstruction. said it would immediately begin distributing 20,000 emergency shelter kits
3 May: Our emergency team has arrived in Kathmandu and is working with our country team and local partners. We will initially be working with our existing partners in three of the affected districts in the Kathmandu valley. Together we will be carrying out rapid assessments and conducting distributions and cash transfers.
We are working with our local partners to be able to effectively identify older people who are most in need of cash transfers and to ascertain what they need in terms of food, shelter, healthcare and water and sanitation. Organization Name: Himalayan Disaster Relief Volunteer Group - NA
Organization Type: NGO - Local
Country of Origin: Nepal
Sectors: Assessments, Shelter & NFI, WASH, Health, Health
Description of Activities:
The focus of Himalayan Disaster Relief Volunteer Group was initially on the southern outskirts of Kathmandu valley (Harishiddhi and Thaiba in Lalitpur district) but has now extended to other districts. Volunteers are going out to assess needs, reporting back, and they are collecting supplies to meet local needs. Their goal is to provide basic shelter, food, water, sanitation and medical support.

Organization Name: International Humanitarian Partnership (IHP)
Organization Type: UN Agency
Country of Origin: International
Sectors: Logistics
Description of Activities:
IHP was requested by the UN Office for Coordination of Humanitarian Affairs (UNOCHA) to deploy staff and assets to support the critical relief efforts.
UNOCHA has activated assessment teams (UNDAC) and requested IHP to assist in enhancing coordination and communications capacity as well as securing adequate living and working conditions for staff. IHP is deploying 1 coordination module (On-Site Operations Coordination Center - OSOCC), 3 light base camps and 4 ICT modules to support the response efforts.
The International Humanitarian Partnership has deployed two aircraft carrying support material for the UNDAC team on the ground which include: material to set-up a OSOCC; heavy and light base camps and communications modules.

Organization Type: NGO - International  
Country of Origin: USA  
Sectors: Health, WASH, Protection  

Description of Activities:  
IMC provides lifesaving health care and health care–related emergency services—often within hours of a humanitarian emergency. IMC began its humanitarian response in Nepal on April 26th and continues to coordinate with partners to provide health, water and sanitation, protection and psychosocial support services to families in urgent need. District service areas include Bhaktapur, Dhading, Kathmandu and Gorkha. IMC has sent assessment teams to evaluate the
needs of the population at the VDC level in these districts. IMC is currently supplementing the primary health care system by operating mobile medical units, providing latrines in IDP camps and coordinating TOT psychosocial refresher trainings for local and international healthcare workers. Programming in nutrition, shelter and NFIs to be announced. (Source: via email May 2)

An IMF team stands ready to visit Nepal at short notice to help the government assess the macroeconomic situation and determine any financing needs. We are also coordinating closely with the World Bank, ADB, and other agencies to assess the impact of the natural disaster on the country and determine how best we can help. The IMF and others have sent a group of experts to assist Nepal in assessing impacts of the tragic earthquake to its economy and to identify financial needs.

Sectors: Assessments, Early Recovery, Health  
Description of Activities:

As of Apr 29, the Whole Karma flights team has reached 35 km inland from Gorkha. We are the first team with aid here. We had to take a tractor the last few km to get the supplies and last volunteers in. Very very difficult road. Villagers welcomed us with dal baht. The village seems to have extensive damage. We are all safe and the medical team will start work tomorrow.

We set up a basecamp at Chanaute (28.2434,84.3756) and the medical team reached the local area and as far as Saurpani (28.130171,84.705971). We found no serious injuries, most in serious condition have been airlifted from this area. Almost all building have collapsed or are unlivable. People need basic aid. Tarps and tents for shelter are the most needed as are cooking utensils, blankets, clothes food, chargers for their phones, headlamps and batteries for headlamps etc. The road is very bad, almost unpassable by 4WD and further up the valley is blocked and dangerous further up the valley

The Standby Task Force's Situational Review of Aid Responders in Nepal - Report #5, as of May 4, 2015
This SW information has been collected by the generous volunteers of The Standby Task Force (SBTF), which was activated by many leading International humanitarian response organizations, including UN OCHA, to respond to the earthquake crisis in Nepal. This document is a work in progress and may contain outdated or unverified information. All information herein has been collected from publicly available sources and verification may not be complete. To learn more and volunteer, visit http://www.standytaskforce.com

Description of Activities:
As a first step, the foundation has sent rescue workers to India and another team to Nepal, and will work at full speed to secure convoys of emergency relief for those affected, with the purchase of relief materials from the Indian market which can be quickly shipped to Nepal. The delegation that went to Nepal started field work immediately and a preliminary damage assessment has been made, coordinated directly with the UAE Embassy in India to work on securing the immediate relief and access to the affected people as soon as possible.

Country of Origin: International
Sectors: Funding, Shelter & NFI, WASH
Description of Activities:

Organization Website: https://www.lutheranworld.org/news/nepal-earthquake-leaves-massive-destruction

Organization Name: Lutheran World Relief (LWR)
Organization Type: NGO - International
Country of Origin: International
Sectors: Funding, Shelter & NFI, WASH

Description of Activities:
LWR is coordinating with the UNHRD warehouse in Dubai to ship over 9,240 Quilts, 1,000 Personal Care Kits and 100 water filtration units for distribution in Kathmandu. It has committed an initial $500,000 to the response and is actively raising funds for additional programming. The planned response will work with LWR's long term partner COPPADES and focus on NFI distributions and cash transfers in Lamjung District, and assessing the needs in Gorkha to see about a similar response there. (Source: http://programs.lwr.org/atf/cf/%7B8ed291f8-702d-4e2c-9821-68d75e0105d2%7D/2015-NEPALEARTHQUAKE-SITREP5.PDF)

LWR began working in Nepal in 2009 to improve food security in for indigenous, Dalit and marginalized communities. Despite recent declines in poverty, Nepal remains one of the poorest countries in the world. Rural communities often struggle with household food security and are extremely vulnerable to frequent natural hazards, including flash floods, landslides and earthquakes. Poverty affords communities few resources to prepare for or mitigate the effects of these hazards and even fewer resources to recover, which can destroy development gains. LWR promotes resilience and long-term development in the communities in which it works by better preparing communities for natural hazards and helping families realize food security and savings. In Nepal, LWR currently works with local partners on agriculture, food security, climate change adaptation and disaster risk reduction (DRR) projects. LWR's work focuses on areas of western Nepal.

**Description of Activities:** As of 4/25/2015, not active. Operating http://www.nepalquake2015.org/. This is an impromptu crowd-sourcing platform set up by Local Interventions Group for citizens of Nepal to send reports related to damages and distress caused by Nepal's devastating earthquake on April 25, 2015. The objective is to give affected public a platform to report and relief communities to identify hotspots of greatest need. This is a work-in-progress, so the platform has a limited usability for now, as public can report only through internet form or Android or iOS app. We will add new communication channels to report (SMS, and hotline) in the days to come. We are just getting on our feet and putting together this platform. Please bear with us as we improve and add new channels to send reports. For now, affected citizens and relief communities on the ground, please click on SUBMIT REPORT to send your updates/needs.

OBI’s vice president of international operations, David Darg, has transported hand-held chlorination units from the United States. These units will produce a high-grade chlorine solution that can be used to disinfect large amounts of water—making it safe to drink.

4/29/2015 Installed 2 community H2O purification stations in rural communities 45ish minutes outside of Kathmandu. (Source: http://www.ob.org/safe-drinking-water-for-earthquake-victims/)

Organization Name: Project C.U.R.E.
Organization Type: NGO - International
Country of Origin: USA
Sectors: Health
Description of Activities:
Project C.U.R.E. is mobilizing our network of donors, volunteers and transportation organizations to send life-saving medical supplies to Nepal after the devastating 7.9 magnitude earthquake that occurred on April 25, 2015. Project C.U.R.E. has strategically selected in-country partners who are on the front lines in the affected areas. Our partners relay up-to-date needs for addressing the immediate medical issues. Considering the medical treatment already administered in Nepal, medical staff are experiencing a lack of basic and specialized equipment to treat patients, and have moved many patients to the streets, as it is too dangerous to treat them indoors. In the coming days and weeks, 20-foot and 40-foot containers of medical supplies will be sent to those in need in Nepal.

The Nepal Red Cross is providing first aid, search and rescue, blood to medical facilities in the capital and support to first responders. More than 1,500 volunteers and 300 staff from the NRCS have been supporting SAR efforts, providing first aid, psychosocial support, assessments and given assistance at evacuation centers. The NRCS is headquartered in Kathmandu and has branches in all 75 districts, more than 1,300 sub-branches, 1.1 million members, and 100,000 active volunteers. (IFRC)

NRCS workers are engaged in the field for assisting in search and rescue efforts, providing first aid to the injured, transporting the wounded to hospitals and temporary shelters. Additionally, sanitation and health activities, and restoring family links are other important immediate support. NRCS is also preparing a support plan for the next six months in coordination and cooperation with the GON, UN, International Red Cross and Red Crescent Movement Partners, national and international organizations.

The NRCS has deployed National Disaster Response Teams (NDRT) in 12 worst affected districts including Kathmandu valley, Sindhupalchok, Gorkha, Nuwakot, Kavre, Dhading, Ramechhap, Dolakha, Lamjung and Rasuwa. About 20 National Societies of Red Cross and Red Crescent are supporting in one or another way. (NRCS)

The WHO is still assessing the situation and will get back to us soon on which remote areas are in the most dire need.

Coordination with the World Health Organization indicates that areas more remote than Kathmandu. Paul Marseca, arrived in Kathmandu last night and has set up his base in Deerwalk’s office in Kathmandu. Today, Paul visited a health camp in Changu Narayan, the office of World Health Organization (WHO) in Pulchowk, and the Ministry of Health & Population in preparation for the arrival of his larger team this coming week.

We are in coordination with Deerwalk, Inc & Institute of Technology, which is a software development firm and a technology school that works both in the US and in Nepal.

Deerwalk is located in Kathmandu, and they’ve kindly offered use of their facilities as a base. Meanwhile, our coordination with the World Health Organization indicates that areas more remote than Kathmandu require aid, so we will transport volunteers daily from Deerwalk facilities to red zones in order to maximize our resources.

The WHO is still assessing the situation and will get back to us soon on which remote areas are in the most dire need. The WHO is working in tandem with the Nepal Ministry of Health, so in this situation WHO = Nepal Government. We will do our very best to go where they ask us to.

RAM volunteers will be on the ground in Nepal within 48 hours.

Organization Type: NGO - International
Country of Origin: USA
Sectors: Shelter & NFI, Assessments
Description of Activities:
Upon hearing the recent news of the devastating earthquake that hit Nepal and has caused wide-spread damage and loss of life in several surrounding countries, the BNI Foundation has begun an appeal to support the deployment of ShelterBoxes to those who find themselves homeless after the quake. Each ShelterBox contains a family tent, cooking sources, basic tools, water purification kits, water storage containers, and supplies. In strong partnership with Rotary International, BNI is referring our members directly to ShelterBox in order to eliminate the delay of processing donations through our fund to ShelterBox. ShelterBox has been able to provide tents to four hospitals in the city creating safe, covered spaces where patients can be treated in privacy. They will be used for carrying out minor operations, changing dressings and as mobile health clinics.
(4/30/2015) Pre-positioned kits were all given to hospitals in the Kathmandu area. An additional 500 shelter kits are in the process of being sent now. (Source: http://www.shelterboxusa.org/news_global.php?id=1351)

Organization Name: Swiss Humanitarian Aid Unit  
Organization Type: NGO - International  
Country of Origin: Switzerland  
Sectors: Protection, Health  
Description of Activities:  
On the evening of 28 April 2015, a 10-strong medical team will fly to Nepal as part of the “Mother and Child” unit to provide medical support in the disaster area for women in childbirth and to perform surgery on children there. The deployment of the team of doctors by the Swiss Humanitarian Aid Unit is the first response measure to be taken following an initial assessment of the situation by the rapid response team sent to the region on 26 April 2015 in the wake of the devastating earthquake in the Himalayas.
The Standby Task Force’s Situational Review of Aid Responders in Nepal - Report #5, as of May 4, 2015

The “Mother and Child” unit is a rapid response medical team deployed by the Swiss Humanitarian Aid Unit. On Tuesday evening, eight medical personnel and two logistics experts will depart from Belp airport for Nepal. The team will travel on the Federal Council’s official jet in cooperation with the Swiss Air Force operated by the Federal Department of Defence, Civil Protection and Sport (DDPS). The “Mother and Child” rapid response team was set up based on experience acquired following the earthquake in Haiti. Medical personnel can be sent to reinforce existing health teams only a few days after a disaster hits. Central to their work are surgical operations on children and childbirth support. The team will take with it the medical equipment needed for its work. The flight on 28 April 2015 will carry 562 kg of equipment. Together with personal equipment, the plane will thus have a total cargo of 1 tonne.

The Swiss Humanitarian Aid Unit decided to deploy this 10-strong team following an evaluation by the advance detachment sent on Sunday, 26 April. The six-member group of experts assessed the situation and the requirements in the disaster area upon their arrival in the Nepalese capital, took charge of coordination with the authorities and the local partners on the ground, supplied first aid and supported the Swiss embassy and the cooperation office of the Swiss Agency for Development and Cooperation in Kathmandu. The plan is for this team to be joined by eight specialists from the Swiss Disaster Relief Unit. A larger consignment of aid is scheduled to be delivered on Thursday, 30 April 2015.

Organization Name: UN Cluster System - Camp Coordination and Camp Management Cluster (CCM)  (NEW)
Organization Type: UN Agency
Country of Origin: International
Sectors: Camp Coordination
Description of Activities:
As of OCHA SitRep #8 on May 3:
Needs:

- Assessments in Shankarpur municipality in Sankhu revealed a high level of destruction with internally displaced people (IDPs) scattered around the town and sharing communal tents with up to 100 people per tent.
- In Bhaktapur, there are 10,700 IDPs with the largest camp hosting 2,500 IDPs. The camps urgently need food, emergency shelter and regular water supply.

Response:
- Daily camp management and mapping of IDP needs in camps and spontaneous settlements are ongoing in the Kathmandu Valley. Results of IDP profiling have been shared with clusters to support response.

Gaps & Constraints:
- Analysis of internal migration trends which will enable planning of assistance for urban IDPs moving to rural villages is still lacking.

---

**Organization Name:** UN Cluster System - Cash Working Group (CWG)  *(NEW)*

**Organization Type:** UN Agency

**Country of Origin:** International

**Sectors:** Early Recovery

**Description of Activities:**

On 30 April, the first meeting of the Cash Coordination Group (CCG) brought together key agencies that are interested to undertake cash transfer programming (CTP), including cash-for-work, unconditional and conditional CTP as a modality of assistance/intervention. For partners interested to join more information is available on the CCG webpage.

**Organization Website:** https://www.humanitarianresponse.info/en/operations/nepal/cash-working-group

---

**Organization Name:** UN Cluster System - Early Recovery Cluster  *(NEW)*

**Organization Type:** UN Agency

**Country of Origin:** International

**Sectors:** Early Recovery

**Description of Activities:**

As of OCHA SitRep #8 on May 3:

Needs:
- Debris management is required to enable continued search and rescue and humanitarian relief operations.
- Restoring community infrastructure to deliver public services is essential.
- Cash-for-work activities in support of emergency livelihoods would be of benefit to the recovery of affected communities.

Response:
- To coordinate and support early recovery activities, the Ministry of Federal Affairs and Local Development assigned focal points in each district to assist the local development officers to implement funds released for relief and recovery assistance.
- Volunteers have been mobilized to support government engineers to assess structural integrity of houses and public buildings in order to facilitate the return of the displaced and resumption of basic social services.
- The Ministry of Federal Affairs and Local Development has appointed a joint secretary to each electoral constituency and each district.
Gaps & Constraints:
- Many of the local government personnel, who have been affected by the earthquake, have still not reported to duty which causes delays to delivery of basic social services.
- Monitoring and accountability mechanisms of district, village and municipal monitoring supervision committees need to be strengthened.

---

**Organization Name:** UN Cluster System - Education Cluster  *(NEW)*

**Organization Type:** UN Agency  
**Country of Origin:** International  
**Sectors:** Education  

**Description of Activities:**
As of OCHA SitRep #8 on May 3:

**Needs:**
- The Cluster is working with the Department of Education to further assess damage to educational infrastructure in 13 of the worst affected districts.

**Response:**
- The Education and Protection clusters have now established 10 Child Friendly Spaces (CFS) in camp sites in Kathmandu, Kokhana, and Bhaktapur serving over 1,000 earthquake affected children. Art activities, games, sports, and psychosocial support and key lifesaving messages (on WASH, Nutrition, Health, and Child Protection) were provided.
- Additional supplies to establish additional CFS outside the Kathmandu Valley are now in transit.

**Gaps & Constraints:**
- Access to districts beyond the Kathmandu Valley continues to be a major challenge.
- Advocacy is required to ensure that displaced children, whose families are relocating outside of the Kathmandu Valley, are accepted and integrated into host community schools.

---

**Organization Name:** UN Cluster System - Emergency Telecommunications Cluster (ETC)  *(NEW)*

**Organization Type:** NGO - International  
**Country of Origin:** International  
**Sectors:** Telecom  

**Description of Activities:**
As of OCHA SitRep #8 on May 3:

**Response:**
- As a common service for responders, the Cluster has established internet connectivity in the Reception and Departure Centre and the Humanitarian Staging Area at the Kathmandu Airport.
- The Cluster is supporting emergency responders with radio programming to ensure communication lines are established for relief distributions.

**Constraints:**
- Due to delays and re-routing of commercial and charter flights, carrying responders and telecommunication equipment, stabilizing communication services still cannot be established.

May 2 - VSAT equipment prepared for deployment on May 3
To register, email the following information to ictemergency@wfp.org. Registration is restricted to members of Governmental Organisations (NGOs). Standby Partners (SBP) work together with ETC through WFP. SBP are organizations, including Government Agencies, NGOs and foundations, who have signed an agreement with WFP to maintain a roster of rapidly deployable staff (within 72H) and equipment to support WFP emergency operations. Profiles available for deployment depend on the individual organisation, but typically include Telecommunications and IT specialists, electricians and project managers. Access to Situation reports, Project reports, Meeting minutes, Maps and photos is gained by becoming a registered user. To register, email the following information to ictemergency@wfp.org. Registration is restricted to members of the humanitarian community - not all applications are approved. You will be informed of the status of your application within 24 hours.

**Organization Name:** UN Cluster System - Food Security Cluster  
**Organization Type:** UN Agency  
**Country of Origin:** International  
**Sectors:** Food Security

**Description of Activities:**
As of OCHA SitRep #8 on May 3:

**Needs:**
- Over 3 million people are estimated to be in need of food assistance. Of them, an estimated 1.4 million most affected people have been prioritized for immediate food assistance.

**Response:**
- 835 metric tons of food was delivered to 11 districts: Bhaktapur, Dhading, Dolakha, Kathmandu, Lalitpur, Gorkha Lamjung, Rasuwa, Ramechhap, Nuwakot, Sindulpalchowk.
- The Cluster has agreed to standardize the food packets distributed by all partners which will include: 400g of rice, 60g of lentils, 25g of oil and 7.5g of salt per person per day.

**Gaps & Constraints:**
The Standby Task Force’s Situational Review of Aid Responders in Nepal - Report #5, as of May 4, 2015

Organization Name: UN Cluster System - Health Cluster  (NEW)
Organization Type: UN Agency  
Country of Origin: International
Sectors: Health
Description of Activities:
As of OCHA SitRep #8 on May 3:

Needs:
- The Government has prioritized two new districts (Makawanpur and Sindhuli) for urgent health assistance, given the sudden increase in the numbers of injured.
- Four district hospitals in Ramechhap, Trisuli, Chautara and Rasuwa are not functional, due to destroyed infrastructure and limited Out Patient Department (OPD) capacity. Health supplies, including body bags, tents for temporary hospitals and mattresses, remain limited.

Response:
- Field hospitals are being established in Dhunche (in Rasuwa District), Chautara (Sindhupalchowk) and Bidur (Nuwakot District).
- The Cluster has provided support to establish a surveillance system for epidemics.
- The Government is investigating reports of a diarrhoeal outbreak in an IDP camp on the southern outskirts of the Kathmandu Valley. Samples have been collected and sent for laboratory testing.

Gaps & Constraints:
- Treatment of the injured in the remote areas remains a challenge due to access issues and medical airlifts are constrained by weather disturbance.
- Specialized health care services for groups with special needs including pregnant women and lactating mothers and neonates is limited.

Organization Name: UN Cluster System - Logistics Cluster  (NEW)
Organization Type: UN Agency  
Country of Origin: International
Sectors: Logistics
Description of Activities:
Needs:
- Set up in-country logistics support, including facilitation of air and road transportation, fuel and storage.

Response:
- The Logistics Cluster has been facilitating shunting services from the airport to the Humanitarian Staging Area (HSA).
- A fleet of 25 contracted trucks (10 to 15 MT capacity) will be used to move cargo out of HSA to various locations in Nepal.

Access to Rasuwa and Gorkha districts continues to be a challenge. Airlifts are needed to deliver food; however, the number of available helicopters remains limited.

Identification of vulnerable groups to enable needs-based assistance is a challenge.
Procedures and booking requests for passenger transport have been made available. Information is shared through the Logistics Cluster webpage.

An UNHAS M18 helicopter with 2-2.5MT cargo capacity started operations on 29 April.

An AS 350 UNHAS helicopter was made available for assessment missions (max 4 passengers).

Six MSUs are operational at the Humanitarian Staging Area (HAS). The facilities are available for temporary storage only.

Organizations should ensure more visibility of their distribution and movement to support the Logistics Cluster to better plan transport and storage capacity.

Air assets will be deployed only to reach remote locations which are currently not viable by road. This means that alternative transportation arrangements are required for any other movement. The limited aircraft slot into Kathmandu Airport continues to remain a constraint.

The logistics cluster is involved in the coordination of fork lifts and other handling equipment this week to move goods beyond the airport; is preparing for the second phase of its aid operation by scouting roads, assessing other infrastructure and setting up a more sophisticated distribution network over a longer distance across the mountains to provide a steady flow of goods. Is trying to identify a second “strategic entry point” to the region, so relief groups can use smaller cargo aircraft and fly in more frequently. Will monitor rate of local recovery; future tasks to be determined by types of economic structures in place.

Additional Logistics Cluster hubs including Pokhara and Birganj are planned to be established. An inter-agency fleet has been contracted and road transport will be made available to the humanitarian community. (UNRC, Log cluster)

Updated customs contact information is available on the Logistics Cluster website: www.logcluster.org/ops/nepal. (Log cluster) LC Coordinator is Baptiste Burgaud (baptiste.burgaud@wfp.org). (Log cluster, UNRC)

As of May 3, the Logistics Cluster facilitated the road transport of humanitarian relief via 25 WFP trucks from the HSA to Kathmandu, Tinthana, Jbjibe (Rasuwa District), Kalimati, Banepa (Kavre District) and other destinations. Cargo, including shelter, wash and health relief items were transported on behalf of the humanitarian community. Free shunting services have been made available from the airport apron to the HSA. Updated logistics information and road maps available at: www.logcluster.org/ops/nepal. (Log cluster, OCHA)

Organization Name: UN Cluster System - Nutrition Cluster  (NEW)
Organization Type: UN Agency
Country of Origin: International
Sectors: Nutrition
Description of Activities:
As of OCHA SitRep #8 on May 3:
Needs:
- There is a need to provide therapeutic feeding to 15,000 children (6 to 59 months) old with severe acute malnutrition (SAM) and supplementary food to 70,000 children (6 to 59 months) with moderate acute malnutrition (MAM).
- Blanket supplementary feeding is needed for 200,000 children and pregnant and lactating women.
Lactating mothers require support to be able to breastfeed 168,000 children (0 to 23 months). Families need nutritious food to feed 126,000 young children (6 to 23 months).

Response:
- Over 450,000 boxes of multiple micronutrient powders, 5,000 cartons of ready-to-use therapeutic food, 260 MT of plumpy doz, and 18 MT of high energy biscuits have been mobilized for distribution in 12 districts.
- Two million doses of deworming medication have been mobilized and deworming scheduled to be completed in 21 districts by the end of May.

Gaps & Constraints:
- There is insufficient therapeutic food for 10,000 children with SAM and supplementary food for 70,000 children with MAM.

Organization Name: UN Cluster System - Protection Cluster  (NEW)
Organization Type: UN Agency  
Country of Origin: International
Sectors: Protection
Description of Activities:
As of OCHA SitRep #8 on May 3:

Needs:
- Reports of unequal distribution of assistance have been received by humanitarian partners.
- Sexual and gender-based violence cases in the Kathmandu camps have been received by the Central Child Welfare Board.
- Cluster assessment indicate the need for dedicated spaces for women in camps to provide protection and special services including psychosocial support.

Response:
- Psychosocial first aid was provided to 27 children and five women in Tuddhikel camp (Kopila).
- 300 tarpalins and 100 blankets were distributed in Kirtipur Panga area (Itagul, Lachi, and Guth) and 240 sanitary pads were distributed in Kavre.

Gaps & Constraints:
- There is a need to ensure that humanitarian assistance is provided solely based on need irrespective of political, social, cultural and economic background.
- There is a lack of sanitary pads and clothing for women across the affected districts.

Organization Name: UN Cluster System - Shelter Cluster  (NEW)
Organization Type: UN Agency  
Country of Origin: International
Sectors: Shelter & NFI
Description of Activities:
As of OCHA SitRep #8 on May 3:

Needs:
The current government figures stand as 160,786 destroyed houses. It is estimated that the number of destroyed houses could be as high as 500,000.

Response:
- Shelter agencies have distributed approximately 30,000 tarps and other non-food items, including blankets, household kits and solar lamps.
- Approximately 450 shelter repair kits have also been distributed in partnership with local governments.
- There are approximately 80,000 tarps in the pipeline.

Gaps & Constraints:
- Access to many remote areas remain difficult. Shelter assistance is needed to support people who are already starting to rebuild their homes.

Organization Name: UN Cluster System - WASH Cluster  (NEW)
Organization Type: UN Agency
Country of Origin: International
Sectors: WASH
Description of Activities:
As of OCHA SitRep #8 on May 3:
Needs:
- The Cluster plans to provide assistance to an estimated 4.2 million people who are in urgent need of WASH services. Out of the total population to be served, 51 per cent are female, 49 per cent male and 40 per cent children.

Response:
- The Cluster reached more than 100,000 people with water for drinking, cooking and personal hygiene.
- 77,160 people in 7 severely affected districts (Gorkha, Dhading, Dolakha, Sindhupalchok, Kabhrepalanchok, Lalitpur and Kathmandu) have also been reached with hygiene education and information materials.
- More than 200 water storage tanks have been provided in 14 camps in Kathmandu Valley.
- Water treatment materials to support chlorination of 300 water sources for about 73,000 people were provided for Lalitpur District.

Gaps & Constraints:
- Currently, the water supply is being provided by private volunteers. There is an issue of sustainable water and sanitation assistance for wards 2 and 6 in the Bhaktapur District, including an urgent need for temporary toilets, hygiene kits and water purification tablets.

Organization Name: UN OCHA - Financial Tracking Service (FTS)  (updated)
Organization Type: UN Agency                      Country of Origin: International
Sectors: Funding, Assessments
Description of Activities:
As of 1 May (18:00, UTC+5:45) the Financial Tracking Service (FTS) has reported a total of US$61 million of humanitarian pledges, commitments and contributions have been provided for the Nepal earthquake response. This includes $6.1 million to support activities of the Food Security, Shelter and NFI clusters, Early Recovery and Health clusters requested in the $415 Flash Appeal launched by the Humanitarian country Team (HCT) on 29 April.

Organization Website: http://fts.unocha.org/

Organization Name: UN OCHA (UN OCHA)  (updated)
Organization Type: UN Agency                      Country of Origin: International
Sectors: Assessments
Description of Activities:
UNOCHA reports that a scale-up of operations is required to ensure immediate and principled assistance reaches people in desperate need within the next six weeks, in advance of the monsoon season. Shelter remains the most critical need in the affected areas. A humanitarian hub was established in Gorkha to support response at the district level. According to the Government, the death toll from the earthquake increased to 6,250 people with 14,357 injured people. 15 lives have been saved, including three in the past 24 hours.

Organization Name: UNICEF (UNICEF)  (updated)
Organization Type: UN Agency  Country of Origin: International
Sectors: Nutrition, Protection, Early Recovery, Funding, Funding
Description of Activities:
As of May 3, over the past 48 hours, UNICEF has delivered 29 metric tonnes of humanitarian supplies to Nepal including tents and tarpaulins, water purification tablets, first aid and hygiene kits, as part of ongoing efforts to reach at least 1.7 million children living in areas hardest hit by the earthquake.

As of April 26, UNICEF “is mobilizing an urgent response to meet the needs of children” affected by the disaster, and is working to deliver water purification tablets, hygiene kits and nutrition supplies to those in need." (Source: http://www.newshour.com.bd/2015/04/26/how-to-help-nepal-7-vetted-charities-doing-relief-work-following-the-earthquake/)

Fundraising, humanitarian aid; mobilizing staff & emergency supplies, focusing on water and sanitation, nutrition, education and child protection. UNICEF supporting tankering of water, provision of oral rehydration salts & zinc supplements, providing tents for field medical facilities. UNICEF is also readying two cargo flights with a combined 120 tonnes of humanitarian supplies including medical and hospital supplies, tents and blankets, for urgent airlift to Kathmandu.

UNICEF reports around 1.7 million children are now in urgent need of aid in the areas worst-hit. UNICEF launched a US$50.35 million appeal. (UNICEF).

Organization Name: Vodafone Foundation
Organization Type: Corporation  
Country of Origin: International
Sectors: Telecom
Description of Activities:
Vodafone Foundation’s Instant Network team is now in Kathmandu to help the humanitarian relief mission. The Instant Network Mini is an 11kg mobile network in a backpack, which can be set up in just 10 minutes, and is being deployed for the very first time to help with the recovery efforts. The Instant Network team is there to offer support to local operators to establish mobile communications. This will help aid workers communicate during the relief effort, and enable people to contact their loved ones following the earthquake. A team of employee volunteers is on standby to deploy additional Instant Network equipment, if necessary. Working alongside NGO Télécoms Sans Frontières, they’re currently awaiting instructions from the local operators and NGOs working in Nepal as to when and where the equipment should be deployed. The Vodafone Foundation has also announced that it has made a donation of £100,000 to the UK Disasters Emergency Committee (DEC) to support the relief effort in Nepal.

Organization Name: World Food Programme (WFP) (updated)
Organization Type: UN Agency  
Country of Origin: International
Sectors: Nutrition, Telecom
Description of Activities:
4/27/15 WFP's teams are already working out of the Relief Hub at Tribhuvan International Airport in Kathmandu that includes power, communications facilities, storage space and office buildings.
4/27 Convoy en route but blocked by a new landslide; see additional URL
4/28 Distributions of rice are expected to start tomorrow (Wednesday) in Gorkha, using stocks that WFP already had in-country. Landslides and poor roads are making it difficult for trucks to bring food to remote areas - helicopter will be transport food onwards to more remote villages. Emergency food supplies, including high-energy biscuits, are also being brought in by air from Bangladesh and Dubai in the next days. A plane from the WFP-managed UN Humanitarian Response Depot in Malaysia arrived in Kathmandu this morning carrying field hospitals, medical supplies and aid workers. As the lead of the humanitarian community's Logistics Cluster, WFP is also providing logistics support for the entire aid operation in Nepal. (Source: http://www.wfp.org/news/news-release/wfp-rushes-food-and-relief-supplies-nepal-earthquake-survivors)
WFP hopes to have two helicopters operational in the coming days to transport both humanitarian cargo and aid workers to the worst-affected areas. The World Food Programme (WFP) is the Global ETC lead - has responsibility for coordinating the deployment and implementation of security and data communications services as well as effective inter-agency telecommunications services in emergencies.

Organization Website: http://www.wfp.org/
On May 3, WHO visited Gorkha district to identify the need for a WHO field office. In Gorkha there are currently seven village development committees that have not received support and little information exists from these sites. There are many public health concerns as supplies are running low even in the district hospital. A field office has been set up in Gorkha to support the district health offices in coordinating health efforts. (WHO)

Organization Name: World Relief
Organization Type: NGO - International
Country of Origin: USA
Sectors: Shelter & NFI, WASH
Description of Activities:
World Relief is working with a trusted local partner to provide life-saving assistance to affected people. Our response will be in the Sindhupalchowk District. This district, though close to Nepal's capital, Kathmandu, has a population of approximately 300,000 people, and it is one of the least developed districts in Nepal. The Red Cross has included it on a list of 12 districts, of the 75 districts in Nepal, that were severely impacted by the earthquake. The response will provide assistance for shelter, water and sanitation needs, and non-food items, such as pots and pans for cooking, soap and

Organization Name: World Vision International (updated)
Organization Type: NGO - International
Country of Origin: International
Sectors: WASH, Shelter & NFI, Early Recovery, Nutrition, Nutrition
Description of Activities: Response to meet basic, urgent needs with temporary shelter, food, water, emergency health interventions, and other vital aid. 200 staff members working on the ground.
World Vision has distributed supplies that were pre-positioned in Nepal, including 1,000 tarps and 600 blankets in Bhaktapur. The next round of distributions will depend on the arrival of relief supplies being airlifted in from Dubai. The shipments include 5,000 tarpaulins that are loaded and waiting to fly. Additional supplies are being airlifted from a regional warehouse and include hygiene kits, cooking kits, mosquito nets, sleeping bags, sleeping mats, buckets, and water purification tablets. A team has been sent out to assess the damage in rural areas. World Vision plans to set up 15
child-friendly spaces and temporary learning centers so children have a safe space to play and study following the trauma of the quake while their families are in transition. The first child-friendly space opened in Kathmandu April 30.
