Situation Overview Highlights:

The following situation report was compiled based on social media monitoring from the public impacted and through data mining for information from official sources. It does not represent all locations impacted but does cover the heaviest hit areas. Humanity Road provides this information as a service to the public and our partners responding to the disaster. We are available for special reporting needs by sending an email to activate@humanityroad.org.

The Government of Indonesia, through BNPB and Ministry of Foreign Affairs, have welcomed offers of international assistance as of 1 October 2018. This statement was also delivered by BNPB during Emergency Briefing and Coordination Meeting Partners at AHA Centre Emergency Operations Centre on 1 October, 10.00 hrs. And repeated during BNPB's Press Conference at 1300 hrs.

Situation Overview

BNPB stated the casualties reached 1374. As many as 113 people are missing. More than 65,000 homes have been damaged and at least 60,000 people have been displaced and are in need of emergency help.  

“BNPB has confirmed 1,234 fatalities with over 632 injuries, 99 missing persons, 152 are requiring immediately rescue efforts. There are currently over 61,867 evacuees being housed in 109 evacuation sites. Aha S4  The Government of Indonesia, through BNPB and Ministry of Foreign Affairs, have welcomed offers of international assistance as of 1 October 2018. This statement was also delivered by BNPB during Emergency Briefing and Coordination Meeting Partners at AHA Centre Emergency Operations Centre on 1 October, 10.00 hrs. And repeated during BNPB’s Press Conference at 1300 hrs

Strong earthquakes occurred on 28 September 2018 and caused great damages and casualties in Palu City, and regencies of Donggala, Parigi Moutong, and Sigi. An earthquake with magnitude 6.0 occurred at 13.59 hrs UTC+7 and already caused building damages. Afterwards, a M 7.7 (updated to M 7.4) earthquake occurred at 17:02 hrs causing more damages. It then triggered a near-field tsunami, possibly due to landslide in the ocean floor and the tsunami struck Talise beach in Palu City and beaches in Donggala and some settlements and buildings on the beach. Assessment and data collection on the number of victims are still underway.” Aha S1

Significant Updates (by location)

Sulawesi

* Based on BNPB there are six initial needs required: Aha S4  2 Oct
  ✓ Air transport capable to land in short runway (2 km airstrip)
  ✓ Family Tents
  ✓ Water Purification sets
  ✓ Generator sets
  ✓ Medical assistance
  ✓ Environmental management for mosquito-borne diseases (malaria)

North Sulawesi, capitol Manado
Central Sulawesi, capitol Palu

● General Central Sulawesi Updates
  ○ Mass Organization distributing drinking water to the survivors for free. Source 2 Oct
  ○ Communication & transportation are still obstacles in Central Sulawesi. Source 2 Oct
  ○ Citizens gather at Mutiara Sis Al Jufri Airport, Palu. Source and video (some ill) 2 Oct
  ○ The Pekanbaru SAR team carrying out ops in hammer city source 2 Oct

● Donggala 732,126
  ● North Sumatra Regional Police:National Police Guard Distribution of Fuel to Donggala - Palu source 2 Oct
  ● "The main priority is that fuel in storage tanks can be distributed to meet the needs in Donggala, Palu and surrounding areas," said Pertamina Corcom VP, Adiatma Sardjito. source 2 Oct

● Jonooge 1,500
  ● Jonooge - 1500 citizens of Jonooge, need medical, food & water. Located in Biromaru Subdistrict, Sigi Regency in Central Sulawes Access roads are badly damaged so that four-wheeled vehicles cannot pass. Almost all houses severely damaged. source

● Palu 269,083
  ● M5.3 Earthquake occurred at 6:46 a.m. in Palu City. source 2 Oct
  ● Refugee victims of the earthquake and tsunami in Palu, were again evacuated out of the capital city of Central Sulawesi Province, using a TNI AU Hercules aircraft from Mutiara Sis Aljufri Airport. source 2 Oct
  ● Across Palu, blocked roads, a damaged airport and broken telecommunications have made it difficult to bring help into the affected area, and impossible to contact more remote regions. source 2 Oct
  ● All normal services in the town have broken down and there's little running water, power, food or drinking water. source
  ● The town is running out of fresh water, food and petrol, and people are waiting for hours to get supplies. source 1 Oct

● Parigi Moutong 413,645
  ● Routes to Palu either from Makassar or Gorontalo-Manado through Parigi Moutong-Kebun Kopi are also not available. Source 2 Oct
  ● Parigi Moutong, which is 2 hours from Palu, There is one report from Parigi Moutong an adjacent locale Donggala which is within the epicenter of the earth quake has reports of liquidification and areas sinking up to 8 meters.
  ● AFP Report “Here we also feel the vibration extraordinary,” said Danramil Parigi Moutong (Parimo) Captain Cpl Mapeda when talking with AFP on Monday (1/10/2018). As a result of the earthquake, so far there are 5 Parimo residents who died. Some died from the rubble of buildings, others died from being carried away by the waves.” source

● Petobo 500 - 700 families
  ● Petobo is a village in the South Palu District of Palu City, Central Sulawesi 2 Oct

support@humanityroad.org www.humanityroad.org Support our work
● At present, the mud flood in Petobo has not been searched by the officers at all. The community housing complex is like a dead city, because it has been abandoned by its owner. It is also suspected that there are still many victims. Source 2 Oct
● Petobo village significant damage - experienced liquefaction or land disbursement which resulted in a number of residents' houses collapsing in mud. [link]

● Sigi 214,700
● As of Tuesday (2/10/2018), the settlement which was inhabited by around 1,000 families was destroyed and had not been touched by assistance. [link] 2 Oct
● Field Coordinator of Yogyakarta-Central Sulawesi Care Center Janeska Mahardika said Sigi Regency is no less severe than Palu. He called Sigi Regency still isolated. [link] 1 Oct

South Sulawesi
● Shelters are being established in Dormitory in Batakan [can accommodate victims of up to 500 people], the Dodikjur Dormitory in Manggar, and the SPN Brimob Dormitory in Staal Kuda [is the closest to the city center and has the best health facilities]. Source

  2. Dodikjur Dormitory in Manggar
  3. SPN Brimob Dormitory in Staal Kuda - closest to the city and has health facilities.
- Over 48,025 evacuees are being housed in 24 evacuation sites. Aha S3 1Oc

Health and Hospitals

Status of Hospitals

- International Medical Corps offers field hospital
  - Int’l Medical Corps has a team in Palu and three personnel available in Jakarta. The organisation offer a field hospital with full service including radiology that could cover 66 patients, 12 minor surgery, and up to 12 major surgery. [source](#) 2Oct
- Sulawesi - Health Risks
  - **Malaria** is considered to have medium level of malaria transmission to malaria. Health authorities have identified that the risk of transmission may increase as environmental management is disrupted due to the disaster. [source](#) 2Oct
  - **Schistosomiasis** (snail fever) currently present in 28 villages in two districts, specifically endemic in three neighbouring areas: Napu, Lindu and Bada valleys, all located in the highlands of Central Sulawesi province. Lack of clean, water & basic medical services will be disrupted hence the risk of disease transmission will increase. Aha S4 2Oct
• Central Sulawesi - At the Mamboro health clinic in Palu, Doctor Sasono says "His clinic has no power and is running out of medical supplies".  
  Source  1Oct

• Makassar City Hospital South Sulawesi is able to accommodate up to 200 refugees of earthquake victims.  
  source  2Oct

• Balikpapan City Government, East Kalimantan prepared three hospitals, the Kanujoso Djatiwibowo Hospital, dr Hardjanto Army Hospital, and Bhayangkara Hospital to be used by the earthquake refugees.  
  2Oct  
  source

• Balikpapan also sent medicines and 26 people to the health team. "We do not send specialist doctors and surgeons because it is not possible to carry out surgery there. The equipment is inadequate. So, victims who have to be operated on can later be referred to hospitals in Balikpapan."  
  Source  2 Oct

**Special Needs Populations**

**Status**

• Arbeiter-Samariter-Bund (ASB) has a team coming from Yogyakarta to Palu to assess the needs of and provide support for the affected population with disabilities.  
  source  2 Oct

• At least 1,500 residents of Jonooge Village, Biromaru Subdistrict, Sigi Regency in Central Sulawesi, as of Tuesday (02/10/2018) are still in refuge state because their homes were mostly damaged by the earthquake last week. They continue to survive even though food reserves continue to run low.  
  Most of the villagers are women, elderly, children and toddlers. They really need food and drinking water. There are no health tents and medical personnel who can be asked for help. Currently they need fast food, drinking water and medicine.

Communications

Status

- 3 Oct Minister of Communication and Informatics, Rudiantara, said that the network conditions of BTS (Base Transceiver Station) reached 49 percent. In addition to waiting for electricity from PLN, he said generators were also deployed to ensure network availability in disaster areas. This facility functions as a place for relatives to ask for earthquake victims because communication is currently limited. To use the call center, people just go to the National Disaster Management Agency post in Palu. A facility will also be made in Donggala and other areas affected by the disaster. [Source]

- 2 Oct Mobile operator Telkomsel is continuing to repair the telecommunications infrastructure in Palu, Donggala and the surrounding areas in Central Sulawesi. Three of Telkomsel's base transceiver stations (BTS) that were damaged have reportedly been temporarily replaced by mobile BTS (COMBAT). "Voice and SMS communication services are currently running normally," said the company's general manager of external corporate communications. 4G service has been restored are Poso, Donggala, Luwuk, Toli-Toli, Buol, Pasangkayu and Tondo in Palu city. Locations where Telkomsel's signal coverage is running normally at link [Source]

- 1 Oct Free Wi-Fi, telephone service available in earthquake-hit Central Sulawesi [Source]

- 1 Oct Indonesian National Board for Disaster Management spokesman Sutopo Purwo Nugroho said the disaster caused a power outage that cut communications in Donggala and surrounding areas and that the Communications Ministry is working hard to repair 276 electricity base stations. [Source]

- 1 Oct Indonesian Ministry of Communication and Information deployed at least 30 satellites phone to recover the communication in Palu. [Source]

- 30 Sep the Ministry deployed 100 satellites to Sulawesi [Source]
