Building Service Contractors Association International (BSCAI)

(BSCAI's) Registered Building Service Manager (RBSM) designation is the most prestigious symbol of excellence for building service contracting management. By earning the RBSM designation, you become part of an elite group of building service professionals, worldwide - and the accolades you will receive towards your business goals will be tremendous. **This year five Clean Team employees will be studying to earn this designation.**

Quality Control and Safety Training

In April Clean Team produced several in-house training videos. By adding these training videos, our message is delivered the same way every time we train a new employee or have additional training classes. Turns out

we have some pretty good Actors in the company!

Did You Know?

- Cleaning for two hours burns 200 calories. Who needs to get on the elliptical when you can just mop the floors?
- Ten square feet of carpet can contain as much as 35 ounces of dirt. That's nearly four and a half cups of dirt!
- The first documented use of toilet paper comes from 6th century A.D. China. Makes you wonder what people used before then, right? On second thought, we don't want to think about it.

Weren't those fun? Some are more useful than others!
