

Questions About Your Medications?

At Uptown Pharmacy, we understand that managing multiple medications can be confusing. Our Medication Therapy Management (MTM) service provides a one-on-one review with a pharmacist to help you better understand your medications, identify potential issues, and explore opportunities to improve your therapy.

Our pharmacists can help with:

- Medication questions and concerns
- Side effect evaluation
- Medication interaction review
- Cost-saving recommendations
- Lower-cost medication alternatives
- Medication adherence strategies
- Chronic disease management support
- Medication synchronization opportunities
- Med Time Reminder text message enrollment
- Compounding service consultations

There is no obligation and no purchase required to request a review.
