## **PHARMACY - SERVICES FOR RESIDENTS**

Medi-Mart Pharmacy has provided medications and professional services to patients for more than 40 years. We have serviced the needs of the residents of Assisted Living and Alternative Lifestyle facilities for more than 35 years. Our Pharmacists, Certified Pharmacy Technicians and Pharmacy Support Staff are experienced in providing quality professional services to residents. Our Service System offers convenience, accuracy and security to enhance the peace of mind of the residents and their families.

### **CONVENIENCE**

#### **DELIVERY**

Medi-Mart delivers orders each weekday, emergency orders on weekends, without additional charges. Maintenance medications are delivered monthly, on the facility's prearranged medication turnover day.

#### **BILLING MATTERS**

Insurance plans are billed directly by Medi-Mart. Residents and their Representatives will establish an account with Medi-Mart, billed monthly, and charged to a credit card or bank account on file for co-pays and charges.

#### **COMMUNICATIONS**

The Pharmacy staff is available for medication consultation. Hours of operation are 9:30 A.M. to 6:00 P.M., Monday through Friday, excluding holidays. Contact telephone numbers are provided to the staff on site for emergency service.

### **SYSTEM SERVICES**

#### **INITIAL PROCEDURE**

Medi-Mart creates a medication profile for each Resident electing our services.

On receipt of all Resident's Registration Forms and prescriptions:

- Prescription requirements, insurance coverage and billing arrangements are confirmed via phone
- Required medications are delivered to start on preapproved date.

#### **MEDICATION REMINDERS**

When the Resident retains the Service for Medication Reminders, the Pharmacy provides special packaging of medications and electronic records. If a list of current medication is needed for doctor appointments it can be obtained through the service on site.

Medi-Mart's Reminder System utilizes monthly, unit dose packaging for Resident medications. Each medication, for a specific **Medication Administration Time** is clearly labeled, according to law. Physician's orders to start or stop medications or change administration times are confirmed to the Pharmacy by written or verbal order of the Physician. These procedures ensure that the Resident's and Representative's responsibilities involving medications are fulfilled and protected.
