## Services

In addition to providing you with competitive pricing, we focus on all the details that are necessary to ensure the success of your study.

- We reply to most quote requests the same business day.
- Acquire single or multiple lots.
- Meet expiration date requirements.
- Closely monitor product availability and delivery times.
- Ship directly to your facilities, third party locations, or any number of research sites.
- Archive all expiration date and lot number information.
- Maintain confidentiality for the products you purchase, the purpose of your studies, and any other proprietary information.
- Acquire documentation necessary for studies, including MSDS and Certificates of Analysis/Compliance.

## Pharmaceuticals

Drug World can supply almost any drug product in both small and very large quantities, including hard to find items. We can supply branded, generic, and OTC products in all therapeutic classes and dosage forms.

- We work directly with manufacturers as well as multiple suppliers, which gives us the best chance to source the products you need.
- Our company succeeds where other suppliers have trouble acquiring large quantities of product.
- We have the ability to purchase and distribute Class III through V controlled medications.
