MORE INFO ON LEAD THE WAY

Take the time to invest in yourself

Who we are...

JENNIFER CULVERHOUSE is the owner of multi-location Summit Salon Urban Eve located in Texas and Minnesota. She is a consultant and enneagram certified practitioner working in the Summit Leadership Division.

DEREK REYNOLDS is the General Manager of multi-location Cutler Salon in NYC and LA. He is a consultant, certified enneagram practitioner and the team leader of the Summit Leadership Division.

Why the Enneagram?

It's complimentary to other tools you may already be using your own personal life or in the life of your salon company. It's an opportunity to look at the aspects of your personality that make up your core—and through that process make decisions on the areas of personal growth you want to develop to be a better mentor, parent, partner and friend.

What aspects of personal growth can I expect?

We will create a growth development plan with you that creates traction and consistency over time. This is a self-directed process – so we offer focus and support while allowing you the freedom to find the pathway that works best for your own journey. We dive into the 'why' behind your behaviors – and talk through those motivations to look at ways we can reframe to create better results.

Do you address strengths and weaknesses?

We don't focus on strengths and weaknesses – every part of you is beautiful and a strength. Our goal is to help identify the strengths that may be overplayed or underplayed - creating a roadblock in your journey as an influential leader. We will spend time implementing practices to increase your leadership influence and credibility.

What's does LEAD THE WAY: An Enneagram Experience for Leaders include?

- 3-hour virtual workshop (class size limited to 12 people)
- Full Enneagram Analysis and Assessment
- 90-minute debrief with coach to discuss results and your core type. We will also create personal development plan to help guide your journey of self-discovery.
- 45-minute follow up call (2 weeks after debrief) to check in and discuss next steps as you grow in your journey.
