# CoolSeal USA

*Our SEALED EDGE makes a difference!*

**STRONGER • LIGHTER • MORE DURABLE • HYGIENIC**

Designed as a 100% recyclable replacement for EPS foam and waxed corrugated, our seafood packaging is available in a variety of sizes to meet your needs and has the versatility to be used in all applications from air freight to local distribution.

Utilizing proprietary technology, we seal the edges of our corrugated boxes.

**SEALED EDGES =** Increased Strength  
Increased Thermal Capabilities  
Increased Hygienic Properties

Certified for direct food contact, our boxes will not break down or fragment during use - eliminating crush and bead contamination.
