

PARENT LETTER

Dear Guardian,

McDowell Farm School's goal is to reintroduce students to their food systems through hands-on, inquiry-based learning. From feeding a chicken, to collecting an egg, to making a frittata, students become ingrained in our food system. By guiding students to be active participants on the farm, they will make connections between their choices at home and the large-scale systems that work to feed us every day. Our instructors have been trained in a child-centered, experiential approach to teaching and are passionate about sharing our farm experiences with students and adults. We would like to mention a few important items worth emphasizing about your child's upcoming visit to ensure their safety and comfort while away from home.

Appropriate Clothing: We offer hands-on classes in the farm, so we spend most of our time outdoors, even in the rain and cold. Please help your child be prepared with appropriate clothing, as indicated on the Packing List. In truly inclement weather, we have ample indoor teaching space.

Health and Waiver Form: We have a full time onsite RN here to help keep your child safe and healthy. For your child's well-being, please complete the **online** Health and Waiver Form once you receive the link from your teacher. *Anyone without a completed form may not attend our program or participate.*

Dietary Needs: Three meals a day are prepared by our talented food service staff and served family style in Eppes Dining Hall. Our food receives the highest reviews! **All of our kitchens are nut-free. The following dietary needs can be accommodated with indication on the health form: vegetarian, vegan, no pork, no beef, dairy-free, and gluten free (*not celiac-safe).** Additional allergies and dietary restrictions cannot be accommodated.

→ If you need to pack meals or supplemental foods to ensure your student's safety, please contact farmschool@campmcdowell.org and we'll get you more information.

Medications: All medicines must be in their **original containers**. Please remember that you must provide any over-the-counter medicines you anticipate your child may need. Please **ONLY** send the amount needed for the trip.

→ *If your child requires an Epi-pen or other injection, please contact the Nurse at farmnurse@campmcdowell.org.*

Your child's school teacher will send home all the information. The teachers from your school will select chaperones for the trip. If you have any questions regarding our program, staff, or facilities, please feel free to call us or [visit our website](#).
