Health, Safety & Environment Committee

J.K. Wilson, Pioneer Natural Resources

The HSE Committee meets on the second Thursday of every other month. The Committee is a forum for HSE professionals and other stakeholders from PBPA member companies to discuss challenges, share best practices, and collaborate on initiatives to improve safety and environmental performance in the Permian Basin.

The HSE Committee submits the following quarterly report detailing the Committee's activities in the third quarter of 2018 and those planned for the coming quarter:

Committee Meeting: November 8, 2018

- Discussed committee goals and objectives for 2019
 - o 2019 HSE Benchmarking Study
 - o Quarterly best practices sharing
 - o Start out the year with a calendar of 2019 meeting topics

Current Projects & Initiatives

- 2019 Benchmarking Study – Based on the success of our 2018 HSE Benchmarking Study, the Committee has expressed an interest in initiating a similar study in the first quarter of 2019. The committee is currently working to gather feedback from those who participated in 2018, which will be incorporated into the 2019 data collection process. The committee intends to request 2018 data at the start of Q2 2019.

Current Topics of Discussion

- Health & Safety – short services employees, contractor safety, fire resistant clothing, lone worker safety, underground utility damage prevention
- Environmental – EPA NSPS OOOOa, TCEQ stack height requirements, Waters of the US, produced water spill reporting, secondary containment, underground utility damage prevention

Upcoming Meetings:

- Thursday January 10, 2019 , 3-5pm, Pioneer Natural Resources office
