

STAFF REPORTS

NEW MEXICO GOVERNMENT AFFAIRS,
Mike Miller, PBPA

This quarter has been less busy than Q1 since the legislature has wrapped up. Interim committees began meeting in June to organize and set their work plans for the remainder of the year. Full committee meetings started in force in July.

Mike Miller attended the Hobbs EnergyPlex conference in early June (PBPA was a sponsor). The conference was well attended and the committee put together an excellent program.

Upcoming in July, Mike will be attending the National Conference Of State Trust Officers in Santa Fe, hosted by Commissioner Garcia Richards. He will also be attending the IPANM conference in Albuquerque also in late July.

He will miss the Q2 board meeting as he is representing PBPA at the National Association of Royalty Owners-Texas/New Mexico Conference in San Antonio. He will be giving a NM legislative update on Friday morning the 28th at that conference.
