

# COMMITTEE REPORTS

## HEALTH, SAFETY & ENVIRONMENT COMMITTEE

J.K. Wilson, Pioneer Natural Resources

The HSE Committee meets on the second Thursday of every other month. The Committee is a forum for HSE professionals and other stakeholders from PBPA member companies to discuss challenges, share best practices, and collaborate on initiatives to improve safety and environmental performance in the Permian Basin.

The HSE Committee submits the following quarterly report detailing the Committee's activities in the third quarter of 2019 and those planned for the coming quarter:

Committee Meeting: November 14, 2019

- Review of 2019 Committee activities and accomplishments
- Discussion of Committee goal and objectives for 2020, including:
  - 3rd Annual HSE Benchmarking Study
  - Continuation of focused best practices discussions
- General business roundtable discussion
  - Health & Safety Topics
  - Environmental Topics

Current Projects & Initiatives

- PBPA Air Workgroup – This work group was formed in 2019, and is focusing on air permitting and compliance matters in the Permian Basin. The work group is discussing issues relevant to both the HSE Committee and the Regulatory Practices Committee. The work group last met on December 4.

Current Topics of Discussion

- Health & Safety – Incident investigation & RCA, short services employees, contractor safety, fire resistant clothing, lone worker safety, underground utility damage prevention, respiratory protection programs, Permian Workforce Safety Initiative
- Environmental – EPA NSPS OOOOa, TCEQ stack height requirements, Waters of the US, secondary containment, underground utility damage prevention, RRC Online Inspection Lookup (OIL) database, EDF Permian Methane Campaign

Upcoming Meetings:

- January 2020, Date and time to be determined
