

STAFF REPORT

NEW MEXICO GOVERNMENT AFFAIRS,
Mike Miller, PBPA

Things are beginning to get busy in the Land of Enchantment. Interim Legislative committees are in full swing with several different committee meetings each week. Here are a few bullets of activities this quarter:

Attended the Water and Natural Resources Interim Committee in Gallup.

Attended the Radioactive and Hazardous Waste Committee in Carlsbad.

Attended various Legislative Fundraisers around the State, including fund raisers for Chairs of both House and Senate Finance Committees.

Attended the New Mexico Municipal League Annual Conference in Albuquerque.

Been working with Southeast New Mexico Legislators regarding potential Redistricting plans.

The Legislature will be meeting in special session in the near future to re-draw legislative and congressional districts. This is going to be an interesting process at best and in all likelihood will end up in the hands of the courts.
