This Week The Annual Meeting

The PBPA Annual Meeting is set to occur on **October 24-25, 2018**, in Midland, Texas. Our Annual Meeting is one of the best ways to go in depth on the issues tackled by the PBPA staff and volunteers on behalf of our members. The event gives all those in attendance the chance to listen to and ask questions of our multiple panels of experts who will present on the top issues confronting our industry. Attendees will also benefit from projections on our industry moving forward from those in the know.

You don't want to miss this year's 56th Annual Meeting. We are very proud of our accomplished lineup of speakers and panelists. This year's keynote speakers include Railroad Commission of Texas Commissioner Ryan Sitton, New Mexico State Representative Larry Scott, and Blacklight Research's Managing Partner and Head of Research, Colin P. Fenton. We'll also host our famed Legislative and Executive Panels along with technical panels on Water, Takeaway Capacity and Regulatory Issues.

PERMIAN BASIN INTERNATIONAL OIL SHOW

Last week, PBPA was happy to represent the industry and region at the Permian Basin International Oil Show that was held in Odessa at the Ector County Coliseum. Through cold winds and rain, thousands upon thousands of visitors descended on West Texas to see the most prolific oil and gas producing region in the world.

During the festivities PBPA was able to recruit some new members and educate potential members about the benefits of PBPA membership. This is another example of PBPA's continued community and industry engagement.

REGULATORY AFFAIRS

PBPA is diligently reviewing the [Carlsbad RMP](#) and will provide comment by the November 5, 2018 deadline. Please contact us with your thoughts or concerns as soon as possible to ensure your thoughts are included in our official comment to the Bureau of Land Management.
