How to Order	134
Retail Pack Carton Specifications	135

Thank you for your order.

Thank you for your order and continuing business. Please submit purchase orders to res_contact_center@allegion.com In order to expedite order processing, please include the following information on purchase orders:

- Schlage account number
- Product UPC numbers (if available)
- Quote number (if applicable)
- Specific keying requirements

Note: Line quantities of keyed products must be divisible by KA quantities.

Example: 20 locks ordered KA4 results in 5 groups of 4 locks keyed alike, however, 20 locks ordered KA3 is not divisible and results in order processing delays as Schlage seeks clarification

- Door handing

How to identify door handing:

Handing of all doors is determined from the exterior of the room's entrance.

- If the hinge is on the left side of the door, the door is "left hand" (LH)
- If the hinge is on the right side of the door, the door is "right hand" (RH)
- To order a handed product, please specify LH or RH
- To order a handleset, handing is still determined from the exterior of the door
- We will use that information to determine the handing for the inside of the door
