

TOWER THEATRE | PONYBOY

Job Title Kitchen Staff

Department Food & Beverage

Job Summary

The kitchen team at Tower Theatre and Ponyboy is growing! We're looking for qualified candidates interested in line, expo, and dish positions. Our menu is expanding, and we plan to launch a catering program in the Fall. A high retention rate, competitive pay, and a 'work hard, play hard' environment set Tower Theatre and Ponyboy apart. If you're searching for a new kitchen to call home, this might be the one.

Prep hours are flexible, and the kitchen is open to guests daily from 4pm-Midnight. Hours are occasionally extended to accommodate daytime catering. Kitchen hours may be expanded as the year progresses.

The ideal candidate prioritizes speed, efficiency and professionalism, and has experience in food preparation or cooking.

No formal education or training is required, though the following skills are preferred:

- **Dependability:** a food service employer is only as successful as the cooks and kitchen staff it employs; the kitchen staff is expected to be reliable, punctual, and consistent in the work they do.
- **Customer Service:** Working in all areas of the kitchen and often the food delivery space, including bars, seating areas, buffet tables, and dining rooms, the kitchen staff inevitably interact with customers, willingly listening to and assisting customers with their requests -- even when they fall outside the kitchen staff's normal duties.
- **Health and Safety:** The kitchen staff work with sharp and potentially dangerous equipment on a daily basis—whether the deli slicer, ovens, or high-temperature dishwasher, they handle equipment safely and with care.
- **Team Player:** The kitchen team takes direction from the kitchen supervisors and facility managers, and is willing and able to assist other team members in accomplishing their tasks.

Compensation: Full time, hourly

Compensation Scale: \$13/hr
