

BETTER WORKFLOW. BETTER EFFICIENCY. BETTER PROFIT.

Inmar's product bundle is designed to increase productivity, store traffic, and profitability. Select the solutions that best meet your pharmacy's needs and we keep it simple with one contract and measurable ROI.

01

Rx RETURNS

Our clients recognize up to 25% more credit by leveraging Inmar's returns management solution. Available on-site service combined with RxReturns Intel™ dashboards ensures robust reporting, enhanced visibility, maximum returns credit and manufacturer policy compliance.

02

CONSUMER DRUG TAKE-BACK

This customer-friendly, secure medication take-back program generates publicity, community goodwill and store traffic while supporting efforts to combat prescription drug abuse and helping to protect the environment from the effects of improper drug disposal.

03

DSCSA PHARMACY COMPLIANCE

Cloud-based subscription service that streamlines DSCSA medication track and trace requirements, enabling transparency and regulatory compliance for your pharmacy.

04

USP <800> PHARMACY COMPLIANCE

Subscription-based service providing an annual Assessment of Risk for handling hazardous drugs to protect your staff and patients.

05

Rx RECON AND COLLECTIONS

Inmar's Rx Recon and Collections Services mitigate receivables risk, improve cash flow and deliver critical business-building intelligence.
