

PROMOTIONAL SUMMARY

FPN members that choose to partner with Primex during the first 60 days of the agreement are eligible for top tier pricing. This promo is good through May 31, 2021. The Primex temperature monitoring service and support offering exceeds the traditional requirements requested by healthcare customers and provides an excellent total cost of ownership. A summary of this offering is below.

FULL COVERAGE	Total per Monitoring Point 1-500 Monitoring Points	Total per Monitoring Point 501-1000 Monitoring Points	Total per Monitoring Point 1001-1500 Monitoring Points	Total per Monitoring Point >2000 Monitoring Points
Sensors, probes, power cords, mounting	Included	Included	Included	Included
24-month probe replacement	Included	Included	Included	Included
OneVue monitoring software	Included	Included	Included	Included
Warranty	Duration of Agreement	Duration of Agreement	Duration of Agreement	Duration of Agreement
Annual Cost	\$168 per MP per year	\$159 per MP per year	\$151 per MP per year	\$144 per MP per year

* Price per Monitoring Point includes all sensors:

Cryo, Single Probe Temp, Dual Probe Temp (2MPs), Temp/Humidity-NIST, Differential Pressure, Contact Closure, and Water Leak Detection

* Most retail pharmacies have at least two monitoring points (MP) requiring 2 single probe temp sensors or 1 dual probe temp sensor

The following will be included during the term of the customer agreement:

Hardware

- ✓ Replacement of any accidentally damaged or defective items during the term of the agreement
- ✓ Free replacement of any device that does not meet updated Federal guidelines with a newer Primex model (hardware compliance)
- ✓ "Perpetual" warranty (warranty continuously in place during subscription instead of standard 1 year warranty)

Software

- ✓ Unlimited user accounts at no additional cost for cloud-based OneVue Monitor
- ✓ Advanced & exclusive software updates
- ✓ Single sign-on integration via SAML 2.0
- ✓ Annual training refresher training sessions including new staff
- ✓ Primex Service Support

Our overarching goal is to provide the expert resources necessary to manage and ensure the customer is working at peak efficiency and efficacy thus enabling their employees to focus on anything and everything besides the management, reporting and alerting of Primex OneVue.
